VIDEO INTERVIEWING

Video Interviewing

MeVitae's video interviewing uses AI to streamline recruitment with automated question creation, scheduling, and candidate insights. It delivers fair, consistent skill assessments through human-centric design. The solution is flexible, offering 20+ ATS integration or standalone modules to support efficient, end-to-end hiring workflow.

IMPLEMENTATION:

- Integration of MeVitae within your ATS or standalone solution
- Configurable to your hiring process
- Full onboarding and training of the solution

£10,000/month*

*min 2 months depending on ATS

SUPPORT:

- Dedicated support email to connect you to the Customer Success team.
- Support tracking to ensure that our SLA's are met.
- Support if a change in customisation is required.
- Additional training session a year for your recruiters and hiring managers.
