

Stellar
Omada

Stellar Omada Test, Change and Transformation Delivery Provider

Delivering accelerated outcomes, leadership & measurable value for the Public Sector

Executive Summary

Your trusted digital delivery partner

Stellar Omada is a leading UK technology partner specialising in mission-critical digital transformation and change delivery for the private and public sector. With a core team of over 200 permanent professionals and a vetted network of 1,000+ associates, we provide the scale of a Tier 1 provider combined with the agility and value of an SME.

We deliver end-to-end services and products across the project lifecycle, including **Test, Change and Transformation** practices. Our team of experts are highly specialised in GDS-aligned best practices, digital migrations and technical assurance, ensuring low-risk delivery across the public estate.

Beyond technical delivery, Stellar Omada is deeply committed to Social Value, having raised over £100,000 for charity and launched the Stellar Elevate digital skills academy to bridge the UK's technical skills gap.

Quote from Colin Frame, Managing Director

"Our leadership and advisory teams bring a deep understanding of market dynamics and best practices, enabling us to enhance our offerings and deliver even greater value to our clients as we scale a resilient, agile technology business that prioritises client delivery and workforce development."

Our Commitment to Public Service Excellence

Empowering public services through quality, collaboration & purpose-driven delivery

We provide measurable value for money by aligning every engagement with your strategic public service objectives.

By focusing on cost-efficiency and sustainable capability uplift, we ensure that every pound invested drives improved outcomes and accelerated digital transformation.

Our commitment to quality ensures low-risk delivery across the public estate.

We apply GDS-aligned best practices, rigorous technical assurance and continuous improvement cycles to ensure services are secure, accessible and consistently exceed operational standards.

We deliver at pace and on budget through a flexible, collaborative approach.

Whether augmenting existing teams or managing end-to-end projects, we integrate seamlessly into your frameworks and internal processes to ensure disciplined, transparent and high-quality delivery.

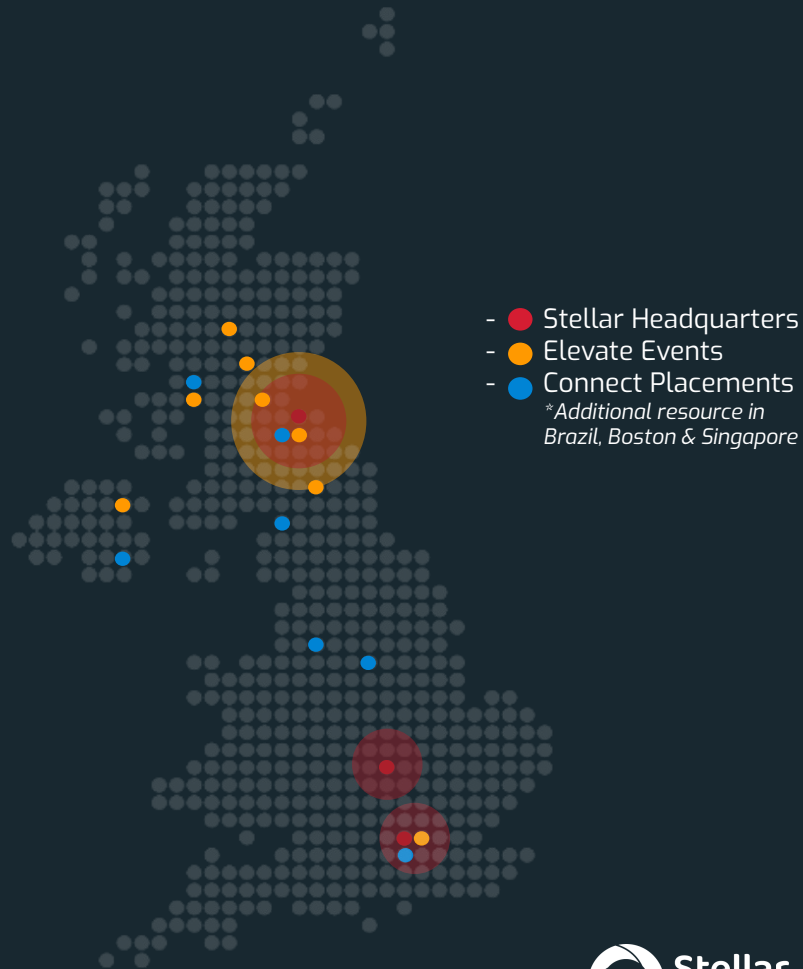

Stellar Group

UK Wide Coverage

Stellar Omada, along with Stellar Connect and Stellar Elevate - provide comprehensive UK-wide coverage, maintaining a robust bench of permanent and contract specialists ready for immediate deployment.

Our resource model is designed for high-elasticity, allowing us to flex team sizes in response to shifting project demands.

Crucially, our consultants are BPSS cleared as standard, with established teams holding NPPV3, SC and DV clearances to support secure and sensitive financial services and public sector engagements.

A Team That Delivers Results

Our Leadership Team and Advisory Board members are known for their exceptional achievements and contributions to the technology industry.

They bring a deep understanding of market dynamics, industry trends and best practices, which enables us to enhance our offerings and deliver even greater value to our clients.

Stellar Community

We provide platforms that empower our team to support local initiatives

Supporting Local Sports Success

We're the official Heart of Midlothian FC main kit sponsor.

We also support local grassroots, Edinburgh Speedway, Linlithgow Netball and VEGA stem racing team.

Investing In Our Local Community

We have raised over £100k for national and local charities, including Maggie's, Cancer Research UK, Movember, Steps to Hope, Big Hearts, North Edinburgh Arts, Cash for Kids and Spartans.

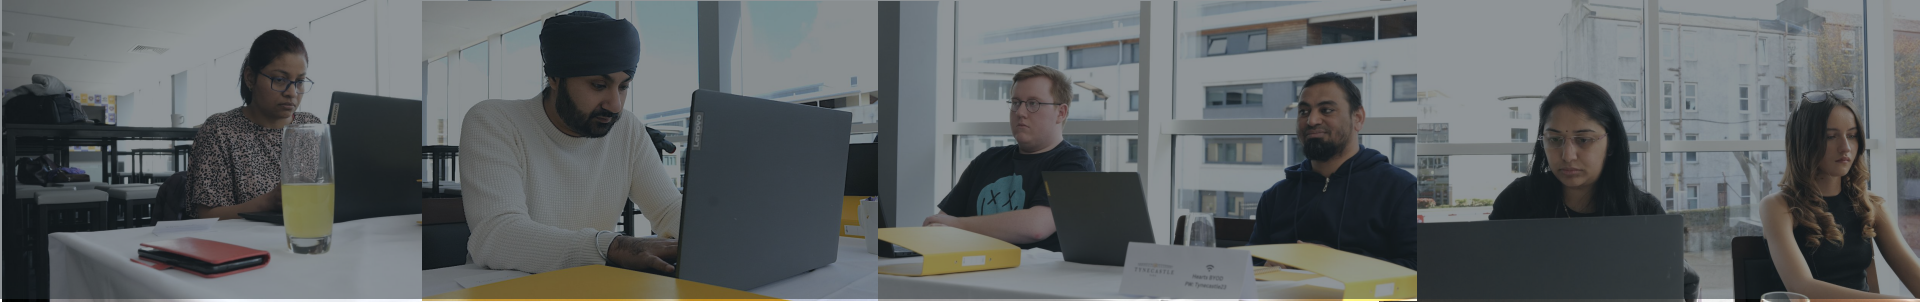

Advancing The Future Of Digital Skills

We recently launched our own Digital Skills Training Academy- Stellar Elevate to support the development of IT skills. We also support workshops at the Hearts FC Innovation Centre to help kids get into digital.

Working Towards A Sustainable Future

We're doing our bit to support mother nature. We partner with EcoVadis to help us reach our net-zero carbon targets and innovate our approaches to deliver sustainable change.

Industry-Leading Innovation

Continuously pushing technology boundaries to keep clients ahead in a rapidly evolving digital landscape

Innovation Hub

Our team were recognised by the FinTech Scotland Awards, for our expertise in Open Banking, demonstrating our commitment to cutting-edge solutions

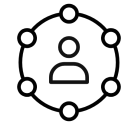

Digital Education

Over 2000 students in the last 18 months have gained IT skills development and training through our digital skills programme Stellar Elevate

AI & Big Data

We integrate AI, cloud solutions and big data to drive deeper insights, smarter decision-making and optimise business performance

Hackathons

Focussed multi resource periods of time to design, develop, test and delivery exciting projects including Sports TV app, hyperbaric oxygen chamber and participation in minority sports
