G-Cloud 15 – Pricing Document

Microsoft Licensing and Subscriptions

Microsoft cloud licences and subscriptions are supplied under the Microsoft Cloud Solution Provider (CSP) programme. Pricing is based on Microsoft's published CSP list pricing at the point of order, subject to any applicable public sector discount. Prices vary by product, licence type, usage and term and are confirmed at the point of purchase.

Azure Consumption

Azure services are charged on a consumption basis in line with Microsoft's published Azure pricing. Charges are based on actual usage and billed in arrears. Costs vary depending on services consumed and configuration.

Professional Services Pricing

Professional services may be delivered on a fixed-price, time-and-materials, or managed service basis. Indicative day rates are shown below. Final pricing is confirmed based on scope and requirements.

- Technical Engagement Manager / Solution Architect: £900 – £1,100 per day
- Senior Consultant: £850 – £950 per day
- Nearshore Senior Consultant: £650 – £750 per day
- Nearshore Consultant: £550 – £650 per day
- Business Analyst / Project Manager: £650 – £700 per day

Additional Information

All prices are exclusive of VAT. No minimum contract value applies. Pricing for service packs or managed services is available on request and confirmed prior to order.
