

The background image shows a curved, metallic building facade, likely the Lloyd's building in London. The surface is highly reflective, mirroring the surrounding urban environment, including other buildings and a street lamp. A large, detailed mural of a woman's eye is visible on the right side of the facade. The overall scene is captured in a blue-tinted, slightly desaturated style, giving it a modern, architectural feel.

OUR PROMISE

OUTCOMES NOT HOURS

Our dedication to delivering results is reflected in each contract. We link payment to outcomes and commit to bringing the resources to get the job done.

PRACTITIONERS NOT THEORISTS

Every single member of the Cross 8 team has more than 15 years experience of delivering in the real world. Our senior leaders are hands on making sure you get the outcomes you need.

SMALL HIGHLY SKILLED TEAMS

We believe a small number of experts can make a huge difference. Our approach is founded on partnership with your team and building a capability in your organisation so engaging us again is a choice not a necessity.

MAKING THE JOURNEY FUN

Real change happens when the people involved want it to happen. We believe making the journey as fun as possible can make a huge difference to the outcome.

WHO WE ARE

We are experts in Transformation and Commercial Optimisation. Over the last 10 years Cross 8 has consistently delivered on our promises to clients and grown our presence in Utilities, National Infrastructure and Financial Services sectors.

Our strategy for success is simple: we build talented teams with real world experience. Every member of the Cross 8 delivery team has a minimum of 15 years of experience.

Our world class individuals are supported by a set of proprietary tools that distil the experience of our team into a set of assessments, frameworks and documents meaning you don't just benefit from the team deployed, you benefit from the collective knowledge of our organisation.

Our capabilities are organised into five practices from which we build bespoke teams, to provide the perfect mix of expertise to solve a client's challenge head-on.

TOOLING

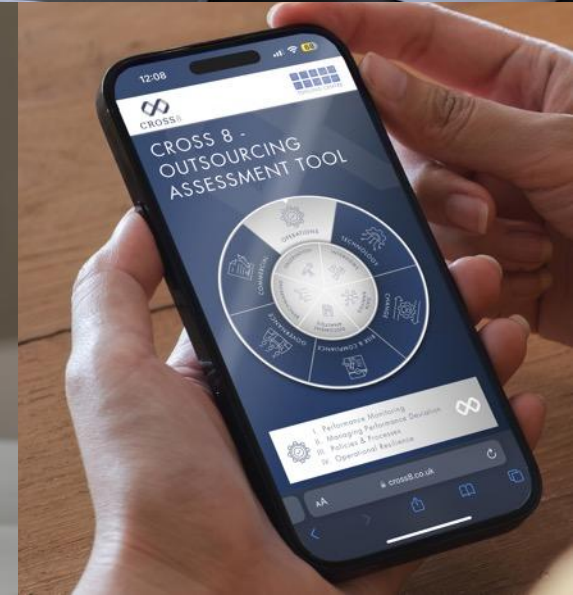

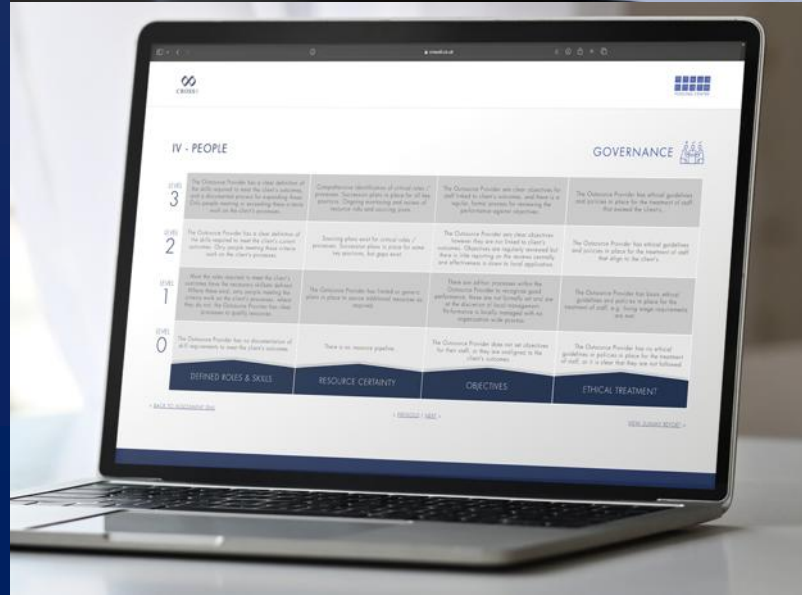

Cross 8 has developed a set of tools and accelerators that allow us to understand your most complex challenges quickly.

Covering our key practise areas and addressing the full lifecycle from initial assessment to project execution the tooling is designed to be customised to meet the needs of your specific challenges.
