Who We Are

01

We are the secure arm, and public sector lead of the Qodea group, a global powerhouse that helps organisations

thrive through change

“Change will be the only constant
in the next decade”

Sir Demis Hassabis
CEO, Google DeepMind

tmc3 – A Qodea Company

tmc3 is a key part of the Qodea group, operating as its specialist cyber security arm.

This relationship combines tmc3's deep cyber security and resilience expertise with Qodea's broader cloud & data transformation capabilities, and digital & AI engineering expertise.

This enables us to deliver a wider, more integrated range of services.

Our Core Capabilities

Cloud & Data Transformation

Accelerating growth with strategic cloud migration, FinOps optimisation, and robust data architecture on Google Cloud and AWS.

- **Cloud Infrastructure:** Google Cloud and AWS Infrastructure & Engineering, Google Cloud Partner-Led Premium Support, and 24/7 Managed Services.
- **Strategic Migration:** Cloud Migration (Legacy apps, VMware, Data Warehouse) to Google Cloud (GCP, BigQuery, Gemini, Workspace).
- **Data & Optimisation:** Data Architecture and Infrastructure Design, Cloud FinOps & GreenOps (Cost Reduction/Sustainability), and BI Dashboard Development.

Digital & AI Engineering

Building the future through custom application development, intelligent AI agents, and exceptional user-centric design.

- **Custom AI & ML:** Custom Vertex AI Agent Development, Gemini Enterprise AI Agents, and Data Science/ML/AI for Healthcare.
- **Digital Product Design:** Service Design, User Experience (UX), Customer Portals, and Mobile/Web Application Design & Build.
- **Platform Development:** Frontend Engineering, Agentic Software, Knowledge Tools, and eCommerce/eLearning Platform Development.

Cyber Security & Resilience

Protecting your business with proactive managed services, expert strategy, and immediate incident response. We embed security across your entire digital footprint.

- **Managed Defense:** Managed Detection and Response (MDR/SOC) and Vulnerability Management as a Service (VMaaS).
- **Security Strategy:** Cyber Security Strategy and Transformation, Cyber Resilience, and Security in Supply Chain.
- **Trust & Compliance:** Data Protection Consultancy (One Trust, Inquiry Support), Cyber Security Frameworks, and Cyber Incident Response.

Work Smarter

We build the secure, modern, scalable infrastructure, apps and workflows that boost bottom lines.

Key Outcomes

- Increased profitability
- Scalability, reliability & Uptime
- Resilient, "secure by design" architecture
- Trusted, timely, self-serve insights & analytics
- Predictable, optimised cloud spend
- Collaborative, digital workspaces
- Carbon footprint reduction
- Reduced total cost of ownership

Enabling the UK's National Data Transformation via Google Cloud (Integrated Data Service)

National Data Transformation

Google Cloud

Challenge The ONS needed to build the Integrated Data Service (IDS) – a secure, national data platform on Google Cloud. The critical obstacle was the lack of predictable, SC-cleared technical capacity to build, maintain, and scale the complex, secure environment.

Solution We provided a dedicated, SC-cleared Google Cloud Managed Support Service (MSP) team. The solution delivered flexible Platform and Application Development engineering capacity, uniquely supporting the rapid, agile needs of the IDS Hub.

Outcome Our support ensured the IDS successfully moved through three Public Beta phases and achieved stable operation. The result is transformed analytical use of government data, enabling national policy-makers and decision-makers to make better, faster decisions affecting citizens' lives.

02

Engage Personally

We create delightful digital touch points that capture attention, convert sales, and keep customers coming back.

Key Outcomes

- Delightful, intuitive, frictionless digital experiences
- Improved customer experience & intelligence
- Conversion rate optimisation
- Revenue uplift
- Increased loyalty
- Pricing & discount optimisation
- Improved paid media performance

Customer Platforms

Google Cloud

Challenge Google wanted to create a platform that would help people learn and adopt the digital skills they needed to find a job and grow in their career, or boost their own business.

Solution Since 2017 we've designed, built and maintained three platforms; the Digital Workshop platform, the AI for Business tool, and the Grow with Google marketing site.

Outcome The platforms host 153 courses in 53 markets and 31 languages. There are 11 million + users globally and 1 million + have seen a positive impact in the EU.

03

Stay Secure

We establish and maintain the systems that protect businesses from threats, fines, and downtime.

Key Outcomes

- Improved cyber resilience
- Proactive threat detection and response
- Threat noise reduction & prioritisation
- Data governance, trust and reportability
- Regulatory compliance

Secure by Design

Challenge Dstl (part of UK MOD) needed to deploy a new system onto Royal Navy warships. This highly sensitive project required expert support to implement a Secure by Design (SbD) approach, manage high operational risk, and adhere to deep MOD security policy knowledge (JSP 440/453) in a highly classified environment.

Solution A multi-disciplinary, security-cleared team was deployed for a two-phase engagement. This included detailed threat modelling, SbD policy alignment, and developing a technical roadmap. The solution focused on the rigorous implementation and testing of robustness controls, including encryption and OS hardening.

Outcome Dstl received a robustly secured system component and a compelling Security Assurance Report, providing clear evidence for accreditation support. This successful, risk-managed delivery enabled the client to securely proceed with deploying the critical naval capability.

Public Sector Focus 02

We provide the creative approaches and specialist knowledge needed to build a cyber resilient public sector and transform services from end-to-end

Core Public Sector Challenge	The Qodea's GroupMulti-Disciplinary Focus	Supporting Capabilities
Maximising Public Value and Efficiency	Delivering accessible and efficient services that secure citizen trust and deliver better value for public money. eLearning Platforms, Programmes & Course Content: Definition

Delivering Value to the Public Sector

Our eLearning Platforms, Programmes and Course Content service helps public sector organisations to effectively modernise their training and development. We design, build, and deploy engaging digital learning experiences that are critical for improving workforce capability, ensuring regulatory compliance, and supporting continuous professional development across government departments and public services. We partner with your learning and development and subject matter expert teams to transform traditional training into accessible, effective, and pedagogically sound digital learning.

Our solutions, including custom learning management systems and interactive courses, are WCAG 2.2 AA compliant, mobile-responsive, and built on modern platforms like Google Cloud-based LMS solutions, ensuring they are demonstrably effective and support diverse learning styles. This approach helps the public sector scale training efficiently, reduce costs, and provide learning analytics to measure effectiveness, driving tangible value for public money.

Service Overview

This service focuses on creating comprehensive digital learning ecosystems that improve workforce capability and ensure compliance through highly engaging and accessible educational experiences.

We collaborate with your teams on instructional design best practices, adult learning principles, and user-centred design to create courses that are engaging, pedagogically sound, and demonstrably effective. Our deep technical expertise allows us to implement modern platforms and develop custom course content, covering everything from compliance and onboarding to leadership development and technical skills. We deliver eLearning solutions that are WCAG 2.2 AA compliant, mobile-responsive, and built on robust learning platforms, supporting diverse learning styles and providing the analytics needed to measure learning effectiveness and engagement.

Service Benefits and Features

Service

Benefits

- 01 Scales Training Efficiently — Digital learning reaches unlimited learners without venue, travel, or instructor constraints.
- 02 Reduces Training Costs — Lower cost per learner compared to traditional classroom training with reduced staff time away from work.
- 03 Improves Knowledge Retention — Interactive, multimedia content and spaced repetition increase learning effectiveness.
- 04 Ensures Compliance — Automated tracking and reporting demonstrate training completion for regulatory and audit requirements.
- 05 Enables Flexible Learning — Self-paced access allows learners to study when convenient, supporting diverse work patterns.
- 06 Supports Consistent Delivery — Standardised content ensures all learners receive the same high-quality training experience.
- 07 Provides Learning Analytics — Data-driven insights identify knowledge gaps, training effectiveness, and areas for improvement.
- 08 Accelerates Onboarding — New starters access structured learning immediately, reducing time to productivity.
- 09 Enhances Accessibility — Digital formats with accessibility features support learners with disabilities and diverse needs.
- 10 Facilitates Rapid Updates — Digital content updated quickly to reflect policy changes, new procedures, or emerging requirements.

Service

Features

- 01 Learning Management System (LMS) Implementation — Selection, deployment, and customisation of LMS platforms with user management, course delivery, and tracking capabilities.
- 02 Custom Course Content Development — Instructionally designed eLearning modules with interactive elements, assessments, and multimedia content.
- 03 Instructional Design Consultation — Learning needs analysis, curriculum design, learning objectives definition, and pedagogical approach selection.
- 04 Interactive Multimedia Development — Video content, animations, simulations, scenario-based learning, and gamification elements.
- 05 Assessment and Quiz Design — Formative and summative assessments with automatic grading, feedback mechanisms, and learning reinforcement.
- 06 SCORM and xAPI Compliance — Standards-compliant content enabling cross-platform compatibility and detailed learning analytics.
- 07 Accessibility Excellence — WCAG 2.2 Level AA compliant content with captions, transcripts, screen reader support, and keyboard navigation.
- 08 Mobile-Responsive Design — Courses optimised for learning on smartphones, tablets, and desktops with offline capability where needed.
- 09 Learning Analytics and Reporting — Comprehensive dashboards tracking completion rates, assessment scores, engagement metrics, and learning effectiveness.
- 10 Learner Management — User registration, course enrolment, progress tracking, certification management, and learner support features.

Why They Keep Coming Back

07

Partnership Focus

01

People Centric

We embed with your team, acting as an organic extension. Your success is our sole measure of achievement.

02

In Your Language

We translate technical complexity into clear business terms, ensuring alignment and informed decision-making across all levels.

03

Laser-Focused

Every solution is custom-designed based on your unique context, needs, and strategic objectives. No 'one-size-fits-all' templates.

Drive and Excellence

01

Relentless Drive

We challenge the status quo and push boundaries, ensuring the best possible, highest-value outcomes are achieved, every time.

02

Adaptive Expertise

Our consultants maintain an unwavering commitment to continuous learning, keeping you at the forefront of emerging technologies and best practices.

03

Total Accountability

We own our decisions and commitments. The buck stops with Qodea – we deliver on our promises, and we learn from every experience.

Outcomes at pace

We fill the void between niche boutiques and bloated GSIs.

We're agile experts with the scale to deliver full-stack solutions on enterprise-grade infrastructure.

We're called in when competitors say it's impossible, or have already failed.

We ship tangible outcomes into production, fast.

Social Value

08

Environment

The Qodea Group is deeply committed to achieving Net Zero emissions by 2030 , well ahead of the UK Government's 2050 target. Since our 2022 baseline , we have achieved a reduction equivalent to 51% of our total emissions (487.7 tCO₂e reduction). Our Carbon Reduction Plan is completed in accordance with PPN 06/21 guidance and has been formally reviewed and signed off by a Director. Our commitment is integrated into our strategic plans to deliver long-term, verifiable sustainability.

Wellbeing

As a modern business, which operates in complex environments, we know the importance of health and wellbeing. We provide an Employee assistance Programme including access to an online platform and 24hr confidential helpline. This provides counselling support and a library of wellbeing information, ensuring all staff have practical support for all aspects of physical and mental wellbeing.

Economic Inequality

Qodea is committed to addressing economic inequality through community support and skills transfer. Our employees are entitled to paid time off to engage in volunteering activities, supporting both company-endorsed initiatives and charities of their personal choosing. This flexibility ensures maximum social impact while being managed via robust internal governance to maintain service delivery standards.
