Sync and Jamf

Esteemed Partnership

Sync are proud to have been working with Jamf for over the last 10 years, to help streamline the management and deployment of Apple technology in organisations across the UK.

As a Jamf Elite Partner, we offer expertise in leveraging Jamf's cutting-edge technology to optimise device management, and revolutionise the way organisations harness the power of Apple technology, ensuring seamless integration and maximum efficiency. With our combined strengths, we're committed to providing exceptional service and transformative solutions that drive success for our clients.

Why Sync?

Sync supports organisations across the UK, aiding in the adoption, deployment, and ongoing use of Apple technology. This includes the provision of hardware, software and finance solutions, as well as installations, training, technical support, repairs, and more.

Our approach covers everything from helping organisations to introduce the latest technology into their working practice, integrating with current systems (including Microsoft and Google), guiding CPD and training strategies, and supporting technology services. Meanwhile our work with Apple Financial Services and recycle scheme ensures your organisation is able to keep your technology up to date, and that older devices never go to waste.
