Introduction

Fuse is a Microsoft Partner, based in Northampton. We help organisations of all sizes to maximise IT efficiencies through the use of Microsoft cloud computing solutions. We work with you to deliver a bespoke, tailored solution that helps you achieve your goals.

This document provides information regarding pricing of G-Cloud 15 services for Fuse CS.

Pricing Information

- Education sector-specific pricing applies with a 4% reduction on each published SFIA rate.
- The quoted pricing information for this service applies equally across all other client sectors
- All pricing information is quoted in pounds sterling (GBP) and prices are quoted exclusive of VAT at the applicable rate (unless otherwise stated) available at <https://www.gov.uk/vat-rates>
- The SFIA rate card defines capability-based pricing for Fuse CS services and is separately downloadable from the relevant service web page
- Should the client wish to purchase several G-Cloud services as a single package, the total price will be the combination of the individual service lines
- Prices quoted on the SFIA rate card represent the maximum rate charged for each SFIA level
- All prices are quoted without volume or combination discounts. These may apply if appropriate and will be subject to negotiation and agreement during the purchasing stage
- Pricing is also available on a fixed price outcomes basis, by deliverable/ milestone and can be negotiated on a case by case basis but is derived entirely from the published SFIA rate card for this Service
