Pricing overview

BONDAP is a modular software. This means each BONDAP module can work as a standalone module but can be seamlessly integrated with others to provide organisations with one system for solving most challenges.

Price depends on the number of users/licences and the number of modules you select.

For complex booking management, we recommend selecting at least the following:

- Rooms,
- Hot Desks,
- Parkings,
- Resources (e.g. projector),
- Services (e.g. catering),
- Stock (e.g. snacks),
- Meetings,
- Voting,
- Online meetings,
- Events management,
- Finance,
- Documents management

Please, refer to [examples](#) of project price calculation for avoidance of doubts.
