Pricing overview

B-SAFE is a modular software. This means each B-SAFE module can work as a standalone module but can be seamlessly integrated with others to provide organisations with one system for solving common enterprise, Governance, Risk and Compliance Challenges.

Price depends on the number of users/licences and the number of modules you select.

For complex Assets management, we recommend to select at least the following:

- Assets register
- Fleet register
- Housing register
- Audits/Inspections
- Maintenance Plans
- Certificates
- Safety Systems of Work
- Work permits
- Data assets register
- Compliance assessments
- Risk assessments
- Services
- Invoices
- Payments
- Cost invoices
- Charges
- Metres and metres readings
- Documents management

Please, refer to [examples](#) of project price calculation for avoidance of doubts.

B-SAFE

Pricing Document

January 2026

Main Costs of service:

Title	price (depends on the full number of licences bought), GBP				
	<100 users	100-2000 users	2000-20000 users	20000-34000 users	>34000

Examples of project price calculation

Example 1.

You have 10 managers that need access to the systems.

You need Housing register and Assets register modules.

Other staff don't need access and will submit their reports paper based.

You need just standard support in working hours.

You will upload data from your previous systems via csv using built-in import functionality yourself. And you will export data at the end of the contract yourself using built-in export functionality.

You will manage all users accounts in the system (no integration with HR).

You select a 2-years term for the contract and pay in advance for 2 years.

So the pricing schedule will be the following:

Title	quantity	unit price	discount (for 2-years term)	sum
year 1				
instance roll-out (once)	1	5000	15%	4250
enabling of paid modules (once)	2	200	15%	340
user licences (annually)	10	100	15%	850
support	1	free	-	0

B-SAFE

Pricing Document

January 2026

year 2				
user licences (annually)	500	100	15%	850
support	1	free	-	0
Full Amount to pay:				6290

So you get the system for 2 years with all you need for just 6,290 GBP.

Example 2.

You have 500 managers that need access to the systems.

Your managers often make their reports offsite, so they would prefer mobile applications.

You need Assets register, Maintenance Plans, Certificates and Audits modules.

Other staff don't need access and will submit their reports paper based.

You need just standard support in working hours.

At the contract start you need to transfer your housing register and tenancies from the previous solution and at the contract end you will need the assisted full data extract.

You will manage all users accounts in the system (no integration with HR).

B-SAFE

Pricing Document

January 2026

You select a 5-years term for the contract.

So the pricing schedule will be the following:

Title	quantity	unit price	discount (for 5-years term)	sum
year 1				
instance roll-out (once)	1	5000	30%	3500
enabling of paid modules (once)	4	300	30%	840
data migration of 2 tables (once)	2	500	30%	700
user licences (annually)	500	40	30%	14000
mobile applications (annually)	1	5000	30%	3500
support	1	free	-	0
year 2-4				
user licences (annually)	500	100	30%	14000
mobile applications (annually)	1	5000	30%	3500
support	1	free	-	0
year 5				

B-SAFE

Pricing Document

January 2026

user licences (annually)	500	100	30%	14000
mobile applications (annually)	1	5000	30%	3500
full data extraction (once)	1	1000	30%	700
support	1	free	-	0
Full Amount to pay:				93240

So you get the system for a large organisation with all you need for 5 years for just 93,240 GBP.

Example 3.

You have 35,000 staff. 5000 managers that need normal access to the systems and 30000 users with read-only access.

Your managers often work offsite, so they would prefer mobile applications.

You need a Housing register, Assets, Compliance assessments, Certificates, Services, Invoices, Payments, Cost invoices, Meters and meters readings modules.

At the contract start you need to transfer your Housing register, Assets, Certificates and Services from the previous solution and at the contract end you will need the assisted full data extract.

You will manage users accounts in your HR system (so integration with HR is required).

You need 24/7 support. You select a 11-years term for the contract.

B-SAFE

Pricing Document

January 2026

So the pricing schedule will be the following:

Title	quantity	unit price	discount (for 11-years term)	sum
year 1				
instance roll-out (once)	1	100000	40%	60000
enabling of paid modules (once)	9	1000	40%	5400
data migration of 4 tables (once)	4	500	40%	1200
fully functional user licences (annually)	5000	4	40%	12000
reduced functionality user licences (annually)	30000	1	40%	18000
mobile applications (annually)	1	5000	40%	3000
support 24/7	1	10000	40%	10000
year 2-10				
user licences (annually)	35000	1-4	40%	30000
mobile applications (annually)	1	5000	40%	3000
support 24/7	1	10000	40%	10000

B-SAFE

Pricing Document

January 2026

year 11				
user licences (annually)	35000	1-4	40%	30000
mobile applications (annually)	1	5000	40%	3000
full data extraction (once)	1	1000	40%	600
support 24/7	1	10000	40%	10000
Full Amount to pay:				540,200

So you get a subscription with 24/7 support and all the required modules for 35,000 users that is normally enough to provide services to 3rd party organisations (our service allows this option and has a multi-organisational settings) for just 540,200 GBP for 11 years (in the average annual contract value is just 49,109)
