Smarter screening,
Safer futures

Executive Summary

At CBS, we lead the way in smarter, safer background screening. Established in 2005, we are a multi-award-winning company and one of the UK's largest providers of pre-employment screening and criminal checks, processing over one million DBS and Employment checks each year.

We are accredited by the National Security Inspectorate (NSI) for British Standard employment screening and hold ISO 27001 and 22301 certifications for Data Management and Business Continuity & Contingency. Our systems are designed to keep overheads low, delivering best-in-class customer service without compromise. With every client, we bring a personal approach, offering unmatched speed, accuracy, and compliance.

CBS is proud to serve a diverse portfolio of clients, including over 40 Local Authorities, NHS Trusts, Embassies, and leading organisations across sectors—such as the Welsh Sports Association, Mind, British Heart Foundation, Lendlease, Pertemps, Siemens, G4S, and Arriva. Our reach extends globally, and our solutions are trusted by multi-sector organisations committed to safeguarding their workforce and brand.

Our solution is optimised for rapid response. Unlike other providers, we open our communication gates to the DBS and Criminal Justice Exchange System every hour from 08:00-20:00, enabling us to submit morning applications that are processed by the DBS the same day. Authorised and regulated by the Disclosure and Barring Service (DBS) and the Scottish Criminal Records Office (SCRO), our online service is rigorously tested by the Home Office, ATOS, Ministry of Justice, AccessNI, and Disclosure Scotland. We also undergo biannual audits by an Independent UKAS auditor, ensuring our compliance and precision meet the highest standards.

At CBS, we are more than just a screening provider—we're your partner in compliance, growth, and peace of mind.
