

About Us

Digital Transformation Experts

Agilyx is a change-ready technology services company dedicated to delivering high quality ERP transformations and services to customer-centric organisations spanning all business sectors.

Over 18 months ago, Agilyx and FinancialForce created a unique partnership to combine the #1 ERP on the Salesforce platform with Agilyx's long and successful history in ERP transformation and cloud-based solutions.

As an ERP solutions provider for almost 20 years, Agilyx has delivered transformational solutions to scores of organisations globally and delivers an unrivalled business transformation experience through a talented staff base in Australia and New Zealand.

Agilyx and FinancialForce are passionate about delivering digital-ready business solutions through the following Transformation and Post Transformation service offerings.

Transformation Services

						
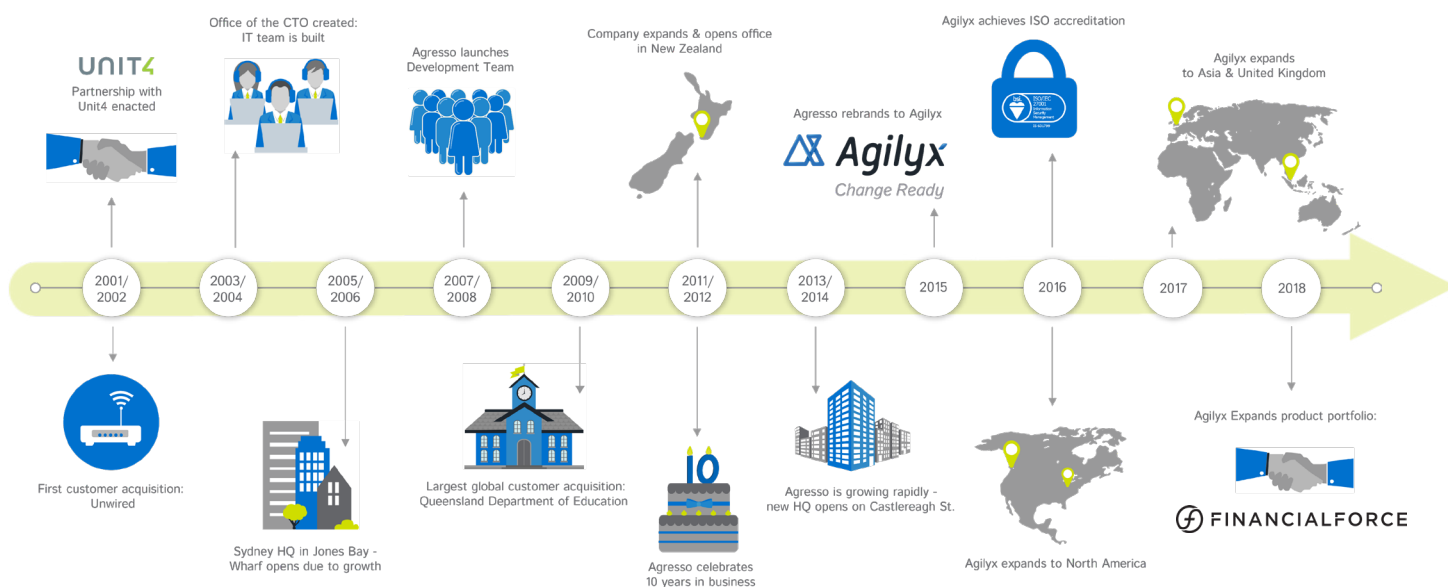

Implementation	Project Management	Business Process Re-engineering	Data Migration	Training	Integration Development	Change Management
Impartial advice and support to ensure the best solutions, from assessment to deployment.	Project management to ensure your project runs smoothly start to finish.	Assistance in restructuring your processes to focus on automating and streamlining.	Transformation of historical data into your new system for a seamless transition.	Bespoke training for your users, empowering teams to master the system.	Creation of one consistent user interface that integrates all current and external systems.	Help transitioning the whole organisation into the new system.

Post Transformation Services

			
Post Deployment Support	Managed Services	Health Checks and Monitoring	Upgrade Assistance
After Go-Live, we answer any questions and fix potential issues that may arise.	Get a reliable ERP system administrator, backed by a team of experts.	The Agilyx Team assesses your solution to ensure it's the best fit for your organisation.	We help you upgrade your system so it remains the best solution for your organisation.

NEW ZEALAND POST GROUP

"It's been a real case study in terms of how successful we can be working with a vendor – people outside the project couldn't figure out who was a NZ Post team member and who was an Agilyx team member."

Mark Yeoman, Chief Operating Officer, NZ Post
