TSL's environmental enforcement solution is designed as a flexible, cloud-hosted platform that is configured uniquely for each client - the system can be used in a multitude of ways, to handle a multitude of scenarios, relating to environmental enforcement and the wider landscape.

Further competition pricing is dependent upon exact customer requirements; else pricing is indicated below:

Framework Prices:

Pricing provided for the main Taranto system is banded by threshold of PCNs issued annually:

Module	Annual Fee
Environmental Enforcement (per module)	£25,000.00

- For bespoke requirements / installation fees, then additional consultancy fees may apply.
    - Day-rate (Project Management, Development, Testing, Training, Support) = £1,095.00.
- Includes Taranto APIs to enable integration with third parties. Should any integration be required with third-party solutions and bespoke work is required, then this would need to be firstly understood.

Add-On Services:

Service	Total Costs (Year 1)
Data Migration	£22,500.00
