

G-Cloud 15 Framework Pricing

Taranto Permit Management System

Framework Agreement: RM1557.15 (G-Cloud 15)

Lot: Lot 2b - Software as a Service (SaaS)

Supplier: Taranto Systems Limited

Document Version: 1.0

Date: January 2026

TSL's Taranto permits solution is designed as a flexible, cloud-hosted platform that is configured uniquely for each client - the system can be used in a multitude of ways, to handle a multitude of scenarios, relating to permit enforcement and the wider landscape.

Further competition pricing is dependent upon exact customer requirements; else pricing is indicated below:

Framework Prices:

Pricing provided for the main Taranto system is banded by threshold of PCNs issued annually:

Module	Annual Fee
<i>Permits (per module)</i>	£50,000.00

- For bespoke requirements / installation fees, then additional consultancy fees may apply.
 - Day-rate (Project Management, Development, Testing, Training, Support) = £1,095.00.
- Includes Taranto APIs to enable integration with third parties. Should any integration be required with third-party solutions and bespoke work is required, then this would need to be firstly understood.

Add-On Services:

Service	Total Costs (Year 1)
<i>Data Migration</i>	£22,500.00
