G-Cloud Pricing document AR Supporting Documents Download

The Service

Samkit's AR Supporting Documents Download is a software tool designed for organisations using Oracle ERP Cloud (Fusion) to securely extract and download Accounts Receivable (AR) supporting documents directly from their Oracle environment.

The service enables authorised users to retrieve documents such as invoices, receipts, credit notes, and related attachments in bulk or individually, supporting audit activities, financial reviews, and statutory compliance requirements. The tool provides structured access to AR documentation without altering or storing data outside the customer's environment.

The service operates using read-only access to Oracle ERP Cloud and does not host or retain customer data.

Pricing Model

AR Supporting Documents Download is licensed on a **per-user, per-month basis**, invoiced **annually in advance**.

The service is subject to a **minimum user commitment**. Pricing is exclusive of VAT.
