

Samkit Infosystems Limited

G-Cloud Pricing document AR Invoice Print Preview

The Service

Samkit’s AR Invoice Print Preview is a software tool designed for organisations using Oracle ERP Cloud (Fusion) to preview Accounts Receivable (AR) invoices in their final printable format before they are issued or shared externally.

The service enables finance and billing teams to validate invoice layout, content accuracy, tax details, and formatting directly from Oracle ERP Cloud. This reduces the risk of incorrect invoice issuance, rework, customer disputes, and audit exceptions.

The tool operates using read-only access to Oracle ERP Cloud and does not modify invoice data or store customer information outside the customer’s environment.

Pricing Model

AR Invoice Print Preview is licensed on a **per-user, per-month basis**, invoiced **annually in advance**.

The service is subject to a **minimum user commitment**. Pricing is exclusive of VAT.

Item	Price
Unit price	£149.00 per user per month
Billing method	Annual invoice
Minimum number of users	5 users
Annual licence cost (minimum commitment)	£8,940.00

What Is Included in the Price

The price includes:

- Licence to use AR Invoice Print Preview for the agreed number of users
- Read-only preview of Accounts Receivable invoices in Oracle ERP Cloud
- Validation of invoice layout, content, and tax details prior to issuance
- Preview output in printable formats (e.g. PDF)
- Role-based access controls
- Standard product updates and maintenance
- Email-based technical support during business hours

What Is Not Included

The following are not included unless separately agreed:

- Oracle ERP Cloud licences
- Custom development or bespoke enhancements
- On-site consultancy or implementation services
- Third-party software or infrastructure

Discounts

- A **10% discount** may be available for:
 - Multi-product licensing
 - Multi-user licensing

Discounts are applied at the point of order where applicable.

Payment Terms

- Invoiced annually in advance
- Payment terms as per G-Cloud call-off contract
- All prices are exclusive of VAT

Service Constraints

- Minimum user commitment applies
- Requires an active Oracle ERP Cloud (Fusion) environment
- User access must be provisioned by the customer

Price Validity

Prices are valid for the duration of the G-Cloud 15 framework unless updated in accordance with CCS requirements.

Contact

Please contact us if you would like to know more about this service or any of our listings on G-Cloud.

Email: info@samkit.co.uk

As all of our G-Cloud enquiries initially come into a single contact, please remember to tell us: -

- Your name, your organisation name and contact details
- Which service you are enquiring about
- A synopsis of your requirements or the problems you need to address.
