

GoodMaps – Pricing Document

Base Pricing

Standard Facility (10,000 m² · single-level · minimum complexity)

Fee	Amount	Frequency
Implementation	£3,500	One-time
Annual Service	£5,000	Per annum
	Year 1 Total: £8,500	Year 2+ – £5,000/year (approx.)

Economy of Scale

Pricing adjusts based on facility size, complexity, building usage, and implementation method. Volume discounts and long-term commitment rates available upon request.

Quotation Process

GoodMaps provides no-obligation quotations at no cost with no onsite visits required.

To Request a Quote: Provide facility information (size, complexity, industry), confirm implementation method preference, and receive indicative pricing.

Optional Services

Professional Services (marketing, custom integrations, GoodMaps Dot SDK, etc.) quoted separately per Statement of Work.

Disclaimer: This document is illustrative. Final pricing subject to site assessment, complexity evaluation, and contract terms. See Service Definition Document and Terms & Conditions for full scope and details.
