1. Introduction

This document provides details of the **Pricing** for the SaaS which is provided by GGP Systems Ltd and made available for procurement by for public and private sector organisations through the Government Crown Commercial Services G-Cloud 15 Framework.

This Pricing Document should be read in conjunction with the GGP Systems G-Cloud 15 Service Definition and the GGP Systems G-Cloud 15 Standard Terms and Conditions of supply.

GGP offer two types of hosted application (SaaS) on the G-Cloud 15 Framework:

- **GGP GIS in the Cloud** is our feature rich 'desktop' suite of applications which include GIS, NGz, and SNN.
- **GGP WebGIS in the Cloud** – our web mapping software which can be used for intranet and internet.

2. GGP GIS in the Cloud

This document provides details of the Pricing for the SaaS which is provided by GGP Systems. Pricing for our GIS in the Cloud application, we charge on a **per user basis**. The price per user goes down with the volume of licenses you buy. For any user to have access to the system, you also require a **Product Subscription**.

2.1 Breakdown of Pricing

Product	Cost per user		
	1-3 users	4-25 users	50+ users
GIS View Only	500	325	250
GIS Full	0	750	550

Product	Annual Product Subscription
GIS View Only	1500
GIS Full	2550

Product	Hosting Cost		
	1-3 users	4-25 users	50+ users
Annual charge	6000	9000	12000

2.2 Product Extensions¹

For GGP NGz in the Cloud product, you will be required to have a GGP Full licence to operate. Therefore, these are priced as a **product extension**.

For GGP SNN in the Cloud product, you will be required to have a GGP Full and an NGz licence to operate. Therefore, these are priced as a **product extension**.

Product	Annual Product Extensions
NGz	5250
SNN	2950
Address Matching	2500

¹ Products extensions are licenced for up to 3 users

2.3 Pricing Summary

Product	Number of Concurrent Licences				
	up to 3 users	5 users	10 users	25 users	50 users
GGP VIEW Only	9000	12125	13750	18625	26000
GGP FULL	8550	15300	19050	30300	42050
GGP+NGz	13800	20550	24300	35550	47300
GGP+NGz+SNN	16750	23500	27250	38500	50250

The above table outlines our standard software packages; tailored combinations are available on request.

2.4 Setup and Configuration

The initial setup and configuration of the Service is outlined in section 2 of the respective Service Definition document and this includes the on-going tasks performed by GGP.

During the on-boarding process the detail of the setup and configuration would be discussed and agreed with the assigned GGP project manager.

Product	Setup (one-off)
GGP VIEW Only	5000
GGP FULL Only	5000
GGP+NGz	7500
GGP+NGz+SNN	8000

3. GGP WebGIS in the Cloud

A subscription to GGP WebGIS as a fully hosted service includes:

- OVHCloud hosted server
- GGP WebGIS and GGP AdminApp subscription licence
- PostgreSQL/PostGIS spatial database and GeoServer®
- Application Management Tasks:
 - Application health check including monitoring resources
 - High level data and security review
 - Installing new software service releases as required
 - Running and monitoring data management tasks

Alternatively, a bespoke implementation/update regime can be agreed, based upon our consultancy rates.

3.1 Pricing Summary

Pricing is based on the population served by the organisation as recorded in the 2021 census:

Level	Local Authority Size	2021 Population
1	Small Local Authority	Up to 125k
2	Medium Local Authority	125k - 250k
3	Large Local Authority or Small County	250k - 500k
4	Medium County	500k - 1m
5	Large County	1m - 2.5m
6	Greater London, Regional or National Organisation	> 2.5m

GGP WebGIS (Intranet)

Local Authority Level	Annual Subscription Fee
1-2	£10,000
3-4	£14,000
5-6	£18,000

GGP WebGIS (Internet)

Local Authority Level	Annual Subscription Fee
1	£8,000
2	£11,000
3	£14,000
4	£17,500
5	£22,000
6	£32,000

3.2 Setup and Configuration

Initial setup of GGP WebGIS for both the Intranet and Internet is charged separately from the subscription fees. GGP provides standard configuration packages that cover the services required to deploy WebGIS on both platforms. Please note that individual setup/configuration fees apply for the intranet and the internet environments. If both an internet and intranet is taken, then there is a discount on the combined setup fee.

The initial setup and configuration of the Service is outlined in section 2 of the respective Service Definition document and this includes the on-going tasks performed by GGP.

During the on-boarding process the detail of the setup and configuration would be discussed and agreed with the assigned GGP project manager.

Product	Setup (one-off)
WebGIS (internet)	7500
WebGIS (intranet)	7500
WebGIS (intranet+internet)	12000

4. Additional Service Options

GGP can also offer a range of optional service enhancements to complement the products within the GGP in the Cloud portfolio. Please get in touch with GGP if you'd like to discuss these additional services in more detail.

Additional Service	Unit	Price
Training	Day	1000
Consultancy	Day	1000
Project Management	Day	1250
Specialist Tech Support	Day	1500

5. Service Terms and Pricing Conditions

- The customer can terminate the service by giving 90 days' notice in writing to GGP Systems prior to the end of a year. The service will be invoiced annually in advance.
- Prices exclude expenses for any onsite consultancy, training and project management that may be required.
- Server prices are based on an OVHCloud UK data centre.
- All prices exclude VAT and are subject to GGP Systems standard terms and conditions
