

Google Cloud Endpoints pricing

The price for Cloud Endpoints depends on the number of calls to your API, as described in the following table:

API calls per month per billing account	Cost per million API calls
0-2M	\$0.00
2M-1B	\$3.00
1B+	\$1.50

If you pay in a currency other than USD, the prices listed in your currency on Cloud Platform SKUs (<https://cloud.google.com/skus/>) apply.

Endpoints charges by its calls to [Service Control](/service-control/overview) (/service-control/overview). Each API call processed by the Vertex AI Search (Vertex AI Search) or the Cloud Endpoints Frameworks are reported as a tracked operation by the Service Control API and is listed as line item for Service Control on your bill.
