Version 1.0
January 2026

Part of the DNV Group

G-Cloud 15 pricing per service

Introduction

DNV Imatis reserves the right to review the price on a per opportunity basis, dependent on the project scope. Price examples in the following chapters are annual prices for the services corresponding with service descriptions for hospitals or trusts of various activity levels or sizes.

All prices are listed in GBP exclusive of VAT.

DNV Imatis Outpatient Flow Coordination System

Prices are based on expected number of annual consultancies.

	100k consultancies	250k consultancies	500k consultancies
Start-kit	40,000	55,000	75,000
Add-on: Self-service check-in	9,000	18,000	30,000
Add-on: Patient communication	3,000	6,000	10,000
Add-on: Text-based wayfinding	3,000	6,000	10,000
Add-on: Staff mobility	3,000	6,000	10,000
Add-on: Additional integrations	TBD (1)	TBD (1)	TBD (1)

(1) Annual prices for integrations will be dependent on the technical complexity of the integration.
