1. Asana Platform and Products

Invoka provides information and guidance to help you minimise cost and maximise the value you get from the platform.

Asana Core Platform

Asana Business Licences

Teams can plan, collaborate, track, and manage work in real time using projects, tasks, workflows, dashboards, and automation tools.

Asana Enterprise Licences

Manage work securely at scale with advanced governance, enterprise-grade administration, enhanced security controls, and single sign-on (SSO).

Asana Work Management Capabilities

Portfolios

Portfolios provide visibility across multiple projects, enabling programme and delivery leaders to track progress, risks, and priorities at scale.

Goals and Reporting

Goals enable organisations to align work to strategic outcomes and measure performance through integrated progress reporting.

Workflow Automation

Asana includes automation rules and approvals that reduce manual effort and support consistent delivery processes.

Integrations and Connectivity

Asana provides integrations with a wide range of enterprise platforms, including:

Microsoft Teams

Slack

Google Workspace

Jira

Salesforce

Tableau and reporting tools

These integrations support seamless collaboration and data exchange across systems.

Asana Advanced and Premium Options

Premium functionality and enterprise add-ons may be available depending on solution complexity and organisation size.

Options and pricing are available on request.

2. Pricing

Please refer to the pricing document for this service.

Any additional services that may be required to deploy or enhance this service can be procured either on a Time & Materials (T&M) or Fixed Fee basis using Invoka's SFIA rate card.

3. Social Value

Climate Change

Invoka Consulting's Environmental Policy demonstrates its commitment to environmental stewardship by integrating sustainable practices into all business operations. The policy covers every aspect of the company's operations, from office and remote environments to IT and travel policies, aiming to minimise environmental impact and promote sustainability.

Our core principles focus on sustainable operations that reduce waste and energy use, resource efficiency, environmentally friendly procurement, and effective waste management. Energy management is targeted through the use of smart systems and energy-efficient appliances, with a gradual shift towards renewable energy sources. Employee engagement is also crucial, with initiatives to educate staff on sustainability and encourage their participation in local environmental activities. Additionally, the company strives for carbon neutrality through regular carbon footprint assessments and investments in carbon offset and renewable energy projects.

Key strategies include compliance with environmental regulations, ongoing environmental performance reporting, and continuous improvement through new technologies and regular audits. Collaboration extends beyond the organisation,

involving community engagements and partnerships with industry peers to enhance environmental awareness and initiatives across the tech sector.

The policy outlines specific environmental targets such as a 20% reduction in energy consumption within five years, a 30% reduction in carbon emissions by 2028, and a commitment to sustainable procurement practices by 2027. These targets are supported by strategic initiatives, including upgrades to office facilities, employee-driven energy conservation, and environmentally stringent procurement policies.

In conclusion, Invoka Consulting aims to set a high standard within the software consultancy sector for environmental responsibility, not only adhering to existing laws but also pioneering advancements in corporate sustainability. This policy will be reviewed annually to adapt to new scientific findings, regulatory changes, and the company's growth, ensuring it remains at the forefront of environmental excellence.

Economic inequality

At Invoka Consulting, we recognise that economic inequality is one of the most pressing challenges facing society today. As a leading software consultancy, we are committed to implementing strategic initiatives that promote economic inclusivity and contribute to reducing disparities within the communities we serve and our industry at large.

Our approach to tackling economic inequality is multi-faceted, focusing primarily on education, employment, and community engagement. We believe that education is a fundamental enabler of equality; hence, we actively partner with educational institutions to provide scholarships and internships to underrepresented groups. These programs are designed to equip students from economically disadvantaged backgrounds with the necessary skills and opportunities to thrive in the tech industry. Employment practices at Invoka Consulting are rigorously inclusive. We strive to create a diverse workplace culture that not only hires but also supports, retains, and promotes individuals from varied socio-economic backgrounds. By implementing fair hiring practices and offering competitive wages and benefits, we ensure that our employees receive equal opportunities for growth and advancement.

Moreover, Invoka Consulting is involved in various community engagement initiatives that support economic development. We collaborate with local businesses and nonprofits to launch programs that drive local economies and support small enterprises. These initiatives not only stimulate economic activity but also empower local communities by creating jobs and providing essential services.

Through these concerted efforts, Invoka Consulting aims not only to mitigate the effects of economic inequality but also to set a precedent in the corporate world for social responsibility. We are dedicated to continual improvement in our strategies and

to collaborating with other organisations to amplify our impact, fostering a more equitable economic landscape.

Equal Opportunity

At Invoka Consulting, we are dedicated to fostering an environment of equal opportunity for all. We believe that our strength lies in our diversity, and we are committed to levelling the playing field to ensure that everyone, regardless of their background, has the opportunity to succeed.

Our commitment to equal opportunity is reflected in our comprehensive policies and practices designed to eliminate bias and promote equity throughout our organisational processes. From recruitment and hiring to promotions and professional development, our strategies are meticulously crafted to ensure fairness and transparency.

Recruitment at Invoka Consulting is conducted with a deliberate focus on diversity. We employ targeted outreach and partnerships with diverse professional organisations to attract candidates from underrepresented groups, including women, people of colour, and individuals from economically disadvantaged backgrounds. Our hiring processes are rigorously structured to avoid unconscious bias.

Professional development and advancement opportunities at Invoka are equally accessible to all employees. We provide a range of training and mentorship programs that support career growth and skill development, helping every employee to achieve their full potential. Additionally, we regularly review our employment practices to ensure they remain fair and do not inadvertently disadvantage any group.

Beyond internal policies, Invoka Consulting actively participates in initiatives that promote equal opportunities in the wider community.

Through these actions, Invoka Consulting not only upholds its values of diversity and inclusion but also contributes to a more equitable society. We continue to challenge ourselves and our industry to raise standards and expand opportunities, ensuring that every individual has the chance to excel.

Wellbeing

At Invoka Consulting, we believe that the well-being of our employees is fundamental to our success. Recognising the integral role that mental, physical, and emotional health plays in productivity and satisfaction, we are committed to fostering a workplace environment that supports and promotes the well-being of every member of our team.

Our comprehensive well-being program is designed to cater to the diverse needs of our employees, offering resources and initiatives that address various aspects of

health and wellness. We understand that well-being extends beyond physical health; therefore, our programs encompass mental health support, work-life balance, and community-building activities.

Mental Health Support: We provide our employees with access to professional mental health resources, including counselling services and stress management workshops. Our mental health days off and flexible scheduling options allow employees to take time for self-care without the pressure of traditional workplace constraints.

Physical Health Initiatives: Invoka Consulting promotes physical health through regular health screenings and wellness challenges that encourage active lifestyles. Our office environments are designed with ergonomic workspaces to prevent physical strain and enhance comfort.

Work-Life Balance: We strive to maintain a culture that respects personal time and family life. Flexible work arrangements, such as remote work options and adjustable working hours, enable our employees to balance their professional and personal responsibilities effectively.

Community and Social Well-being: We encourage a sense of community and belonging through team-building retreats, company events, and volunteer opportunities that allow employees to connect with one another and engage with the broader community.

Invoka Consulting is dedicated to continuously improving our well-being initiatives based on employee feedback and the latest research in occupational health. By investing in the well-being of our staff, we not only enhance individual employee experiences but also cultivate a healthier, more productive, and more inclusive workplace.
