

IRIS Financials (Edu) – Pricing

V1 January 2026

IRIS Financials (Education)

2

IRIS Financials pricing is based on 2 core elements:

- One-off initial setup and implementation costs. These include elements such as full project management and delivery/ training.
- Ongoing annual licence / subscription costs – also incorporating support and ongoing maintenance / Cloud hosting (where applicable)

Solution / Project Elements

Implementation costs – set up / implementation - for system build, configuration, QA and training. Professional and technical services time and costs allocated in line with modules and configuration provided.

Additional Professional Services beyond those quoted for the initial implementation, training

- such as further bespoke configuration/development or additional training - would incur costs at a day rate of £1100.

Annual Licence costs include technical Helpdesk and Support services.

Examples of modules / individual elements of the solution – core and optional
