- Increased efficiency through automation and reduced manual tasks
- Better financial visibility with real-time reporting

- Improved forecasting and decision-making accuracy.
- Faster user adoption and improved productivity

- Secure, scalable Microsoft cloud platform for long-term growth
- Supports public-sector compliance requirements effectively

Add-ons & extensions

This can be used as a standalone service, or as an add-on.

This service extends Microsoft Dynamics 365 Finance and Operations and can be integrated with Microsoft 365, Power Platform, other Dynamics apps and key line-of-business systems (for example CRM, HR/payroll, banking). Ingentive designs and delivers these integrations so Dynamics 365 ERP can act as the core finance and operations platform.

Getting started

Ingentive provides a structured onboarding for Dynamics 365 ERP: discovery workshops, solution design, environment setup, configuration, data preparation and go-live support. We deliver role-based training, documentation and access to our support team so finance and operations users can start working in the system quickly and safely.
