Add-ons & extensions

This can be used as a standalone service, or as an add-on.

This service extends Microsoft Dynamics 365 Supply Chain Management and can integrate with Microsoft 365, Power Platform, other Dynamics 365 applications and key line-of-business systems (for example warehouse systems, logistics platforms and asset management tools). Ingentive designs and delivers these integrations so Dynamics 365 SCM can operate as the central platform.

Getting started

Ingentive provides a structured onboarding for Dynamics 365 SCM, including discovery workshops, solution design, environment setup, configuration activities and data preparation. We deliver role-based training, documentation and support so supply chain, warehousing and procurement users can begin working in the system effectively and safely.
