

Microsoft Dynamics 365 Finance Support

Supporting your secure financial operations to keep you audit ready.

What we offer:

Ingentive provides support and enablement services for Microsoft Dynamics 365 Finance, helping organisations configure, optimise and maintain their ERP environments. We offer guidance on finance processes, security roles, data structures, integrations, automation, training and best practice to ensure effective and secure adoption of Dynamics 365 ERP.

Service categories:

- Cloud support services
- Product support capabilities
- Logging and management of incidents
- Reporting and proactive results analysis
- End user training coordination

Benefits:

- Improved adoption of Dynamics 365 ERP
- Better financial process efficiency

- Stronger governance and controlled ERP environments
- Enhanced data accuracy and consistency

- Reduced dependency on external development
- Improved reporting and business insight

- Better alignment to organisational standards
- Higher return on ERP investment

Support levels

Ingentive provides three support tiers: Flexi, Flexi Plus, and Complete, offering different levels of advisory, troubleshooting and proactive assistance. All tiers include response SLAs of 1 hour for major issues, 4 hours for intermediate issues and 8 hours for minor issues. Support costs vary by tier and are detailed in pricing. Flexi Plus and Complete include access to a technical specialist or cloud support engineer.

Service scope

This service focuses on supporting and enabling Microsoft Dynamics 365 Finance. Assistance with third-party or legacy system integrations depends on available interfaces or data formats and may require assessment during onboarding. Support is delivered within agreed service hours, with extended or out-of-hours options available at additional cost. Certain complex finance issues may require additional investigation time, and Ingentive will maintain clear communication throughout.
