Axiom – Enterprise Pricing

1. Base Platform Pricing – Active Monthly Connections (AMC)

AMC represents the number of operational interactions initiated by an Enterprise user in a calendar month.

AMC Tier	AMC / User / Month	£ / User / Month	Typical Use
Starter	≤ 100	£75	Unit deployments
Growth	≤ 500	£300	Standard coordination roles
Operational	≤ 1,000	£550	HQ / hub users
Scale	≤ 5,000	£2,500	Exceptional centralised roles

2. Additional Modules (Per User)

The table below shows the prices for additional modules.

Module	£ / User / Month	Notes
Assurance Envelope	£20	Classification boundary awareness
Network Manager	£30	Alias-based coordination
Sovereign Translation (Containerised)	£35	Containerised Microsoft Translator
Resilient Access & Network Evasion	£25	Contested environment access
Target Pack	£0[1]	Creation of target packs from verified imagery
NATO Map Tools	£10	NATO-standard symbology
Geofence Tools	£35	Alerts and automation
Iridium SAT (IMT)	£0	Airtime billed separately
Drone Manager – Civil	£45	Civil UAS tasking
Drone Manager – Military	£80	Military ISR workflows
KYC (Trust Gating)	£20	Identity-based gating
UNOCHA Map Markers	£8	Civil/humanitarian symbology
NEO	£55	Evacuation coordination workflows

[1] For operational use, pricing is based on satellite imagery usage credits at £1,200 per 5km² map tile
