Who we are

We are a digital transformation consultancy with deep higher education expertise

We partner with universities to modernise the platforms and processes behind the student journey. Our work spans student records, integration and data, cloud migration, MI and change.

We take an adopt, not adapt approach wherever possible, reducing complexity so solutions are sustainable and easier to run.

We're trusted to deliver at pace, with clear governance and a focus on measurable outcomes, so time, budget and effort are invested where they matter most.

Our purpose is to help universities deliver world-class teaching and research through better data, better systems and better ways of working.

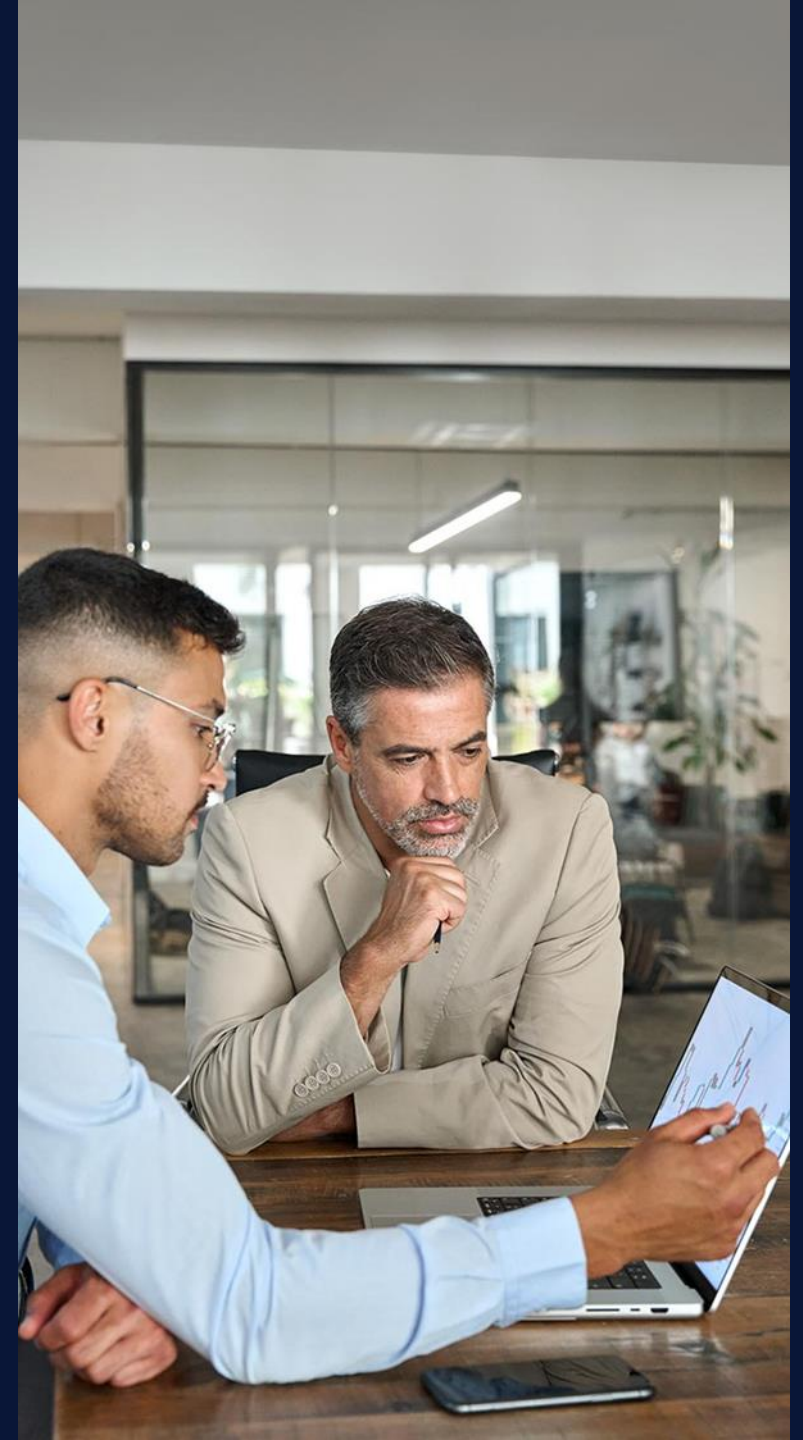

Student Records Reporting Accelerator (Power BI)

We provide a higher education student records reporting accelerator using Power BI, helping universities deliver trusted insight at pace across the student lifecycle.

We fast-track requirements and KPI definition, build a robust data model and reusable datasets, and deliver secure dashboards for admissions, enrolment, progression, attainment and outcomes.

We align metrics and definitions with governance, apply validation and reconciliation controls, and support user adoption through training and clear documentation.

Our approach accelerates delivery while leaving sustainable reporting foundations your teams can extend.

Features

01

Accelerated Power BI delivery for student records reporting needs.

02

Rapid requirements workshops and KPI definition across student lifecycle.

03

Data model design optimised for reusable student reporting datasets.

04

Power BI dashboard build, testing, deployment and iteration cycles.

05

Metric definitions, data validation and reconciliation with source systems.

Features

06

Role-based security model and access control configuration guidance.

07

Standard report packs for admissions, enrolment, progression, attainment.

08

Documentation of measures, definitions, assumptions and data lineage.

09

Training for report consumers and capability uplift for developers.

10

Handover plan and transition into BAU reporting processes.

Benefits

Your organisation will realise the following benefits from delivery of this service, providing measurable value during our engagement and sustainable improvements that remain in place long after our engagement

03

Reduced reporting effort through reusable datasets and standard packs.

04

Better decision-making across admissions, retention, progression and outcomes.

01

Faster delivery of trusted student records dashboards and insight.

02

Improved confidence through validated metrics and documented definitions.

05

Reduced risk through secure access controls and governance alignment.

06

Less rework through clear requirements and rapid feedback cycles.

07

Improved consistency of KPIs across teams and departments.

08

Greater adoption through training and stakeholder engagement support.

09

Sustainable capability through handover and embedded BAU practices.

10

Better visibility of trends and performance across student lifecycle.

Why PACT Solutions?

Your institution will benefit from a higher education specialist partner that delivers measurable value and sustainable improvement.

01

Higher education specialist in the UK and Republic of Ireland

02

Independent and vendor-neutral, focused on what works for you

03

Collaborative delivery working alongside and with your teams

04

Clear governance, controls and transparency throughout delivery

05

Sustainable outcomes through knowledge transfer and reusable artefacts

06

Proven track record with multiple institutions, with over 90% repeat business

Why PACT Solutions?

From our partners

BIRMINGHAM CITY
University

“This is a complex and strategically significant programme for the University. PACT’s experience, approach, and commitment to sector best practice gives us real confidence that we deliver lasting improvements for our students, staff, and stakeholders.”

Nick Moore
Director of IT and Digital
Birmingham City University

“One of the things I’m most proud of is that our project was delivered on time and on budget, which is relatively rare within the sector. PACT ensured that happened.”

Jim Irving
Pro Vice-Chancellor, Students & Governance
Southampton Solent University

Royal College of Art

“We have seen tangible improvements in how our integration services are delivered; fewer delays, better data quality, and reliable integrations.”

Seema Kisnay
Assistant Director of Digital Products
Royal College of Art

Next Steps

01

Share a short brief (what you need, timescales, constraints, stakeholders, and success measures). We'll respond with clarifying questions.

02

Arrange a 30–45 minute session to validate scope, agree the right engagement model (project, programme, assurance, recovery), and confirm the most suitable consultant roles.

03

We'll provide a concise statement of work aligned to G-Cloud terms, confirm resourcing, and start mobilisation (kick-off, governance, plan, and delivery cadence).

Digital Transformation for Higher Education

We've lived and learned from the sector's challenges.
Partner with PACT to unlock your digital potential.
