5.1 Patronum, Patronum+ and Patronum Archive

Patronum subscriptions are based on a per user annual subscription paid in advance depending on the number and type of corresponding Google Workspace licences, live users or archive users in a domain:

- (a) A Patronum or Patronum+ Business User subscription is required for every Google Workspace Business/Enterprise user licence, whether allocated to an active user account or not;
- (b) A Patronum or Patronum+ Frontline Worker subscription is required for every Google Workspace Frontline user licence, whether allocated to an active user account or not;
- (c) A Patronum Archive User subscription for every Google Workspace archive user licence or Patronum archive user in an organisation's Google Cloud storage bucket;
- (d) A Patronum or Patronum+ Education User Subscription for every Google Workspace Education active user licence;
- (e) A Patronum or Patronum+ Nonprofit User Subscription for every Google Workspace Nonprofit active user licence;
- (f) Education/Nonprofits Google Workspace non-live and archive users are given access to Patronum free of charge;
- (g) Education and Nonprofits eligibility is designated by Google;
- (h) There are no retrospective Patronum subscription adjustments for user changes for an organisation's domain during the previous Subscription Term.

5.2 Patronum Backup

A protected user requires one backup licence covering up to 50Gb of storage, pooled across other protected users in the same domain. Yearly or Monthly options available.

- (a) There are no charges for Shared Drives.
- (b) There is no minimum number of licences.
- (c) There is no minimum % of domain users that need to be licensed.

To extend the 50Gb storage limit per user you can add an Additional Storage Unit of 100Gb, which is also pooled across protected users
