About us

Blinx Healthcare is a pioneering cloud-based Health Tech company specialising in solutions for Primary Care and Urgent Care settings. Our flagship product suite, PACO (The Patient And Care Optimiser), represents a paradigm shift in healthcare software-as-a-service (SaaS) solutions.

Blinx Healthcare has invested significant time and resources in developing PACO, leveraging advanced technical integration, data analytics, and user experience (UX/UI) expertise. Designed by healthcare practitioners for healthcare practitioners, PACO is built on a modern cloud architecture with scalability at its core.

PACO is the single platform that supports the full patient journey, from GP to hospital and everything in between. PACO brings together GPs, PCNs, Federations, community services, social care, mental health, and hospitals – enabling shared records, real-time communication, and modern digital tools that work with, not against, existing systems.

PACO Assist is priced as an **optional add-on service** to the PACO platform.

Pricing is designed to be transparent, scalable and aligned to NHS usage patterns, enabling organisations to adopt AI support without committing to unnecessary capacity.

Types of Licence

PACO Assist is licensed on a **per-user basis**, with optional cohort-based extensions for population-level functionality.

All pricing in the table above is based on a minimum 12-month contract. For contracts that are 24 months, or longer, additional discounts are offered on the total contract value.

PACO Assist User licence

Applies to clinicians and authorised administrative users accessing AI-assisted features..

Cost per user - £550

All prices are exclusive of VAT.

Billing

Invoices are issued upon order confirmation or renewal with payment terms of 14 days.
