Support Service

INTRODUCTION

Decillion Digital provides certified Project and Programme Management consultancy, specialising in both Agile and Waterfall delivery for medium- to large-scale programmes. We offer end-to-end services including PMO establishment, risk management, and the provision of certified project professionals (PRINCE2, Scrum Masters) to ensure projects are delivered on time, within budget, and to the highest quality standards.

SERVICE FEATURES

- Provide certified Scaled Agile and PRINCE2 project managers with strong delivery expertise.
- Offer accredited Information Privacy and Security managers to support governance and assurance.
- Establish and operate fully structured PMO functions tailored to organisational needs.
- Define, track, and report on Key Performance Indicators to maintain delivery visibility.
- Support the full lifecycle of planning, execution, delivery, and transition to BAU operations.
- Manage programme risks and issues proactively to protect timelines and outcomes.
- Develop business cases and support presales activity with robust analytical input.
- Drive continuous improvement initiatives throughout the project lifecycle.
- Facilitate governance ceremonies, steering committees, and structured reporting.
- Lead knowledge management activities, including documentation and lessons-learned sessions.

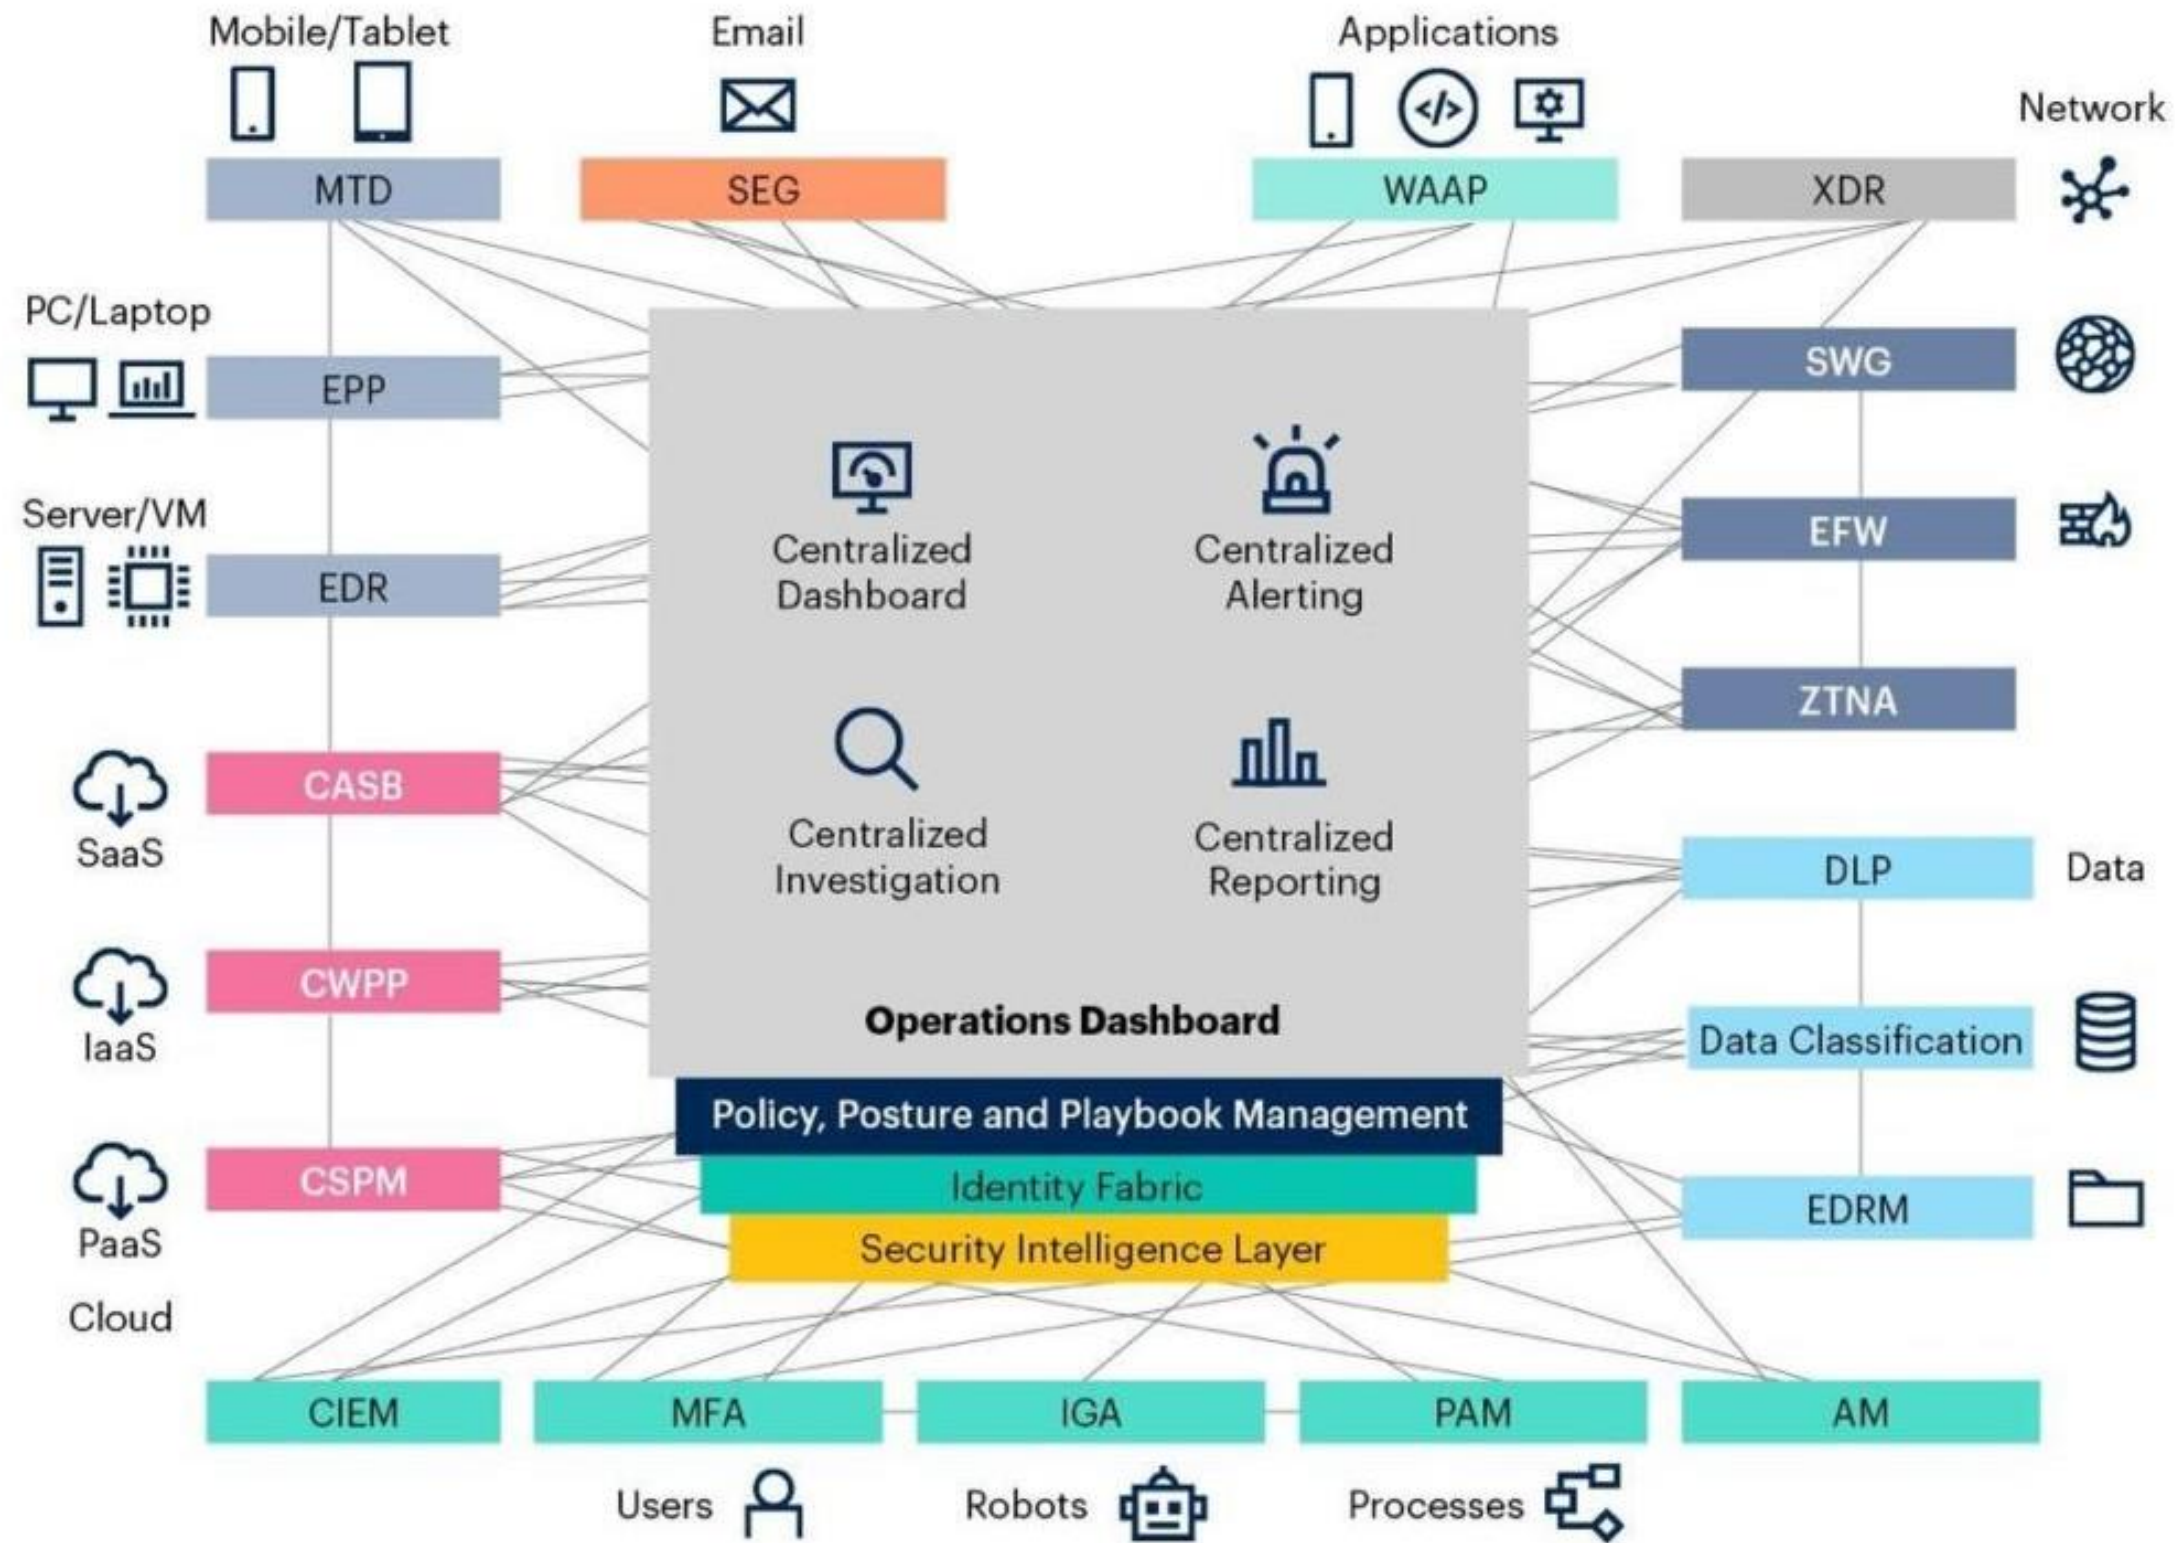

SERVICE BENEFITS

- Provide project management leadership without the long-term costs of full-time hires.
- Deploy experienced, client-facing managers who strengthen communication and stakeholder engagement.
- Consistently deliver projects on time, within budget, and to the required quality standards.
- Ensure adherence to regulatory and compliance requirements throughout the project lifecycle.
- Oversee resource planning, utilisation, and reporting for full delivery transparency.
- Identify risks early and implement mitigation strategies to minimise disruption.
- Prioritise initiatives that align with organisational strategy and deliver maximum value.
- Improve trust and confidence through efficient and transparent resource allocation.
- Drive continuous improvement to enhance delivery efficiency and performance.
- Provide access to certified, multi-disciplinary experts to support complex project needs.
