SERVICE DEFINITION

Directory Services

INTRODUCTION

Decillion Digital helps organizations modernize identity management through expert AD and IDaaS consulting and implementation. From AWS Managed AD to secure BYOD and hybrid app integration, we simplify access while strengthening security, compliance, and operational efficiency.

SERVICE FEATURES

- Leverage AWS-managed Active Directory for secure, scalable identity services.
- Enable Group Policy management and seamless single sign-on across applications.
- Utilise AWS-managed infrastructure with multi-region replication for high availability.
- Benefit from automated daily snapshots and support for domain trusts.
- Provide a fully responsive service directory with clear, intuitive presentation.
- Use icon-led navigation to simplify discovery and improve user experience.
- Offer location-aware mapping for easy visualisation of assets and services.
- Ensure effortless administration of directory records through streamlined tools.
- Support direct citizen self-referral through integrated, user-friendly modules.
- Enable broad interoperability via integration based on Open Data standards.

SERVICE BENEFITS

- Manage cloud and on-premise identities seamlessly through unified directory services.
- Deploy and administer cloud applications with ease and consistency.
- Integrate smoothly with existing on-premises infrastructure and legacy systems.
- Access guidance from industry-recognised identity and cloud specialists.
- Receive strategic support to shape and evolve business and technology roadmaps.
- Accelerate service adoption with reduced implementation timeframes.
- Enable hybrid-cloud identity provisioning across diverse environments.
- Deliver end-to-end identity platform design for secure, scalable operations.
- Simplify Active Directory administration through streamlined processes.
- Strengthen security posture and resilience with modern identity best practices.

SOLUTION APPROACH

ABOUT US

As a Decillion we partner in bridging technology and business innovation. With an extensive background across diverse technological verticals, we are dedicated to empowering your business through tailored digital solutions.

Our Expertise

Microsoft Dynamics	Technical Consulting	Azure DevOps	Technology Training	E-commerce Solutions
We specialize in MS Dynamics to streamline CRM and ERP systems, enhancing efficiency and productivity for businesses of all sizes.	Our expert consultants are adept at diagnosing your technical challenges and crafting strategic solutions that align with your business objectives.	We leverage Azure to improve your software development lifecycle, enabling faster deployment, reliable operations, and seamless integration of disparate systems.	Decillion Digital offers comprehensive training programs designed to upskill your team and keep them abreast of the latest technological advancements.	We create robust e-commerce platforms tailored to your specific needs, ensuring scalable, secure, and user-friendly shopping experiences.

At Decillion, we believe in the power of technology to transform businesses. Our approach combines innovative strategies with cutting-edge technologies to deliver measurable results. We are committed to providing exceptional service and building long-lasting relationships with our clients.

OUR MISSION

To enable businesses to achieve their full potential through the strategic implementation of technology.

OUR MISSION

To be a leading provider of technology solutions, known for our commitment to innovation, quality, and client satisfaction.
