SERVICE DEFINITION

**Swedish insurance area -
Lumera**

INTRODUCTION

Decillion Digital delivers specialist ICT procurement and transformation services, providing end-to-end support from strategic planning and business case development through to Green Book-compliant procurement and implementation. Our structured, evidence-based approach ensures best value, helps secure buyer funding, and enables successful modernisation and the rationalisation of legacy systems.

SERVICE FEATURES

- Deliver comprehensive end-to-end ICT procurement and transformation services.
- Produce Green Book-compliant business cases that support investment approval.
- Apply a structured, evidence-based approach to legacy system rationalisation.
- Lead supplier-market engagement and prepare complete tender documentation.
- Conduct detailed vendor capability assessments, including site visits and evaluations.
- Develop robust contracts and SLAs aligned to operational and commercial objectives.
- Create Project Initiation Documents (PIDs) to establish scope, governance, and delivery baselines.
- Manage stakeholder engagement and communication planning to ensure alignment and buy-in.
- Identify, track, and mitigate risks and issues across the procurement lifecycle.
- Define governance frameworks and quality-assurance controls that ensure successful outcomes.

SERVICE BENEFITS

- Secure best value for money through structured, evidence-based procurement.
- Ensure legal and regulatory compliance to minimise organisational risk.
- Provide clear, well-justified business cases to maximise stakeholder confidence and approval.
- Accelerate project mobilisation with comprehensive, well-structured PIDs.
- Use an agnostic approach to identify truly fit-for-purpose solutions.
- Communicate project objectives effectively across all stakeholder groups.
- Establish clear ownership and accountability through defined governance models.
- Apply PRINCE2 and Agile pragmatically to balance structure with delivery agility.
- Align ICT initiatives with broader business and digital-transformation goals.
- Offer a flexible delivery model tailored to organisational capability and maturity.

SOLUTION APPROACH

ABOUT US

As a Decillion we partner in bridging technology and business innovation. With an extensive background across diverse technological verticals, we are dedicated to empowering your business through tailored digital solutions.

Our Expertise

Microsoft Dynamics	Technical Consulting	Azure DevOps	Technology Training	E-commerce Solutions
We specialize in MS Dynamics to streamline CRM and ERP systems, enhancing efficiency and productivity for businesses of all sizes.	Our expert consultants are adept at diagnosing your technical challenges and crafting strategic solutions that align with your business objectives.	We leverage Azure to improve your software development lifecycle, enabling faster deployment, reliable operations, and seamless integration of disparate systems.	Decillion Digital offers comprehensive training programs designed to upskill your team and keep them abreast of the latest technological advancements.	We create robust e-commerce platforms tailored to your specific needs, ensuring scalable, secure, and user-friendly shopping experiences.

At Decillion, we believe in the power of technology to transform businesses. Our approach combines innovative strategies with cutting-edge technologies to deliver measurable results. We are committed to providing exceptional service and building long-lasting relationships with our clients.

OUR MISSION

To enable businesses to achieve their full potential through the strategic implementation of technology.

OUR MISSION

To be a leading provider of technology solutions, known for our commitment to innovation, quality, and client satisfaction.
