SERVICE DEFINITION

Power Platform

INTRODUCTION

Decillion Digital supports organisations in designing, building, and managing Microsoft Power Platform solutions. Using Power Apps, Power Automate, Power BI, and Power Virtual Agents, we modernise business processes and enable low-code transformation. Our services include strategic roadmap development, application delivery, governance frameworks, and the establishment of a Centre of Excellence (CoE) to drive long-term efficiency and innovation.

SERVICE FEATURES

- Deliver immersive modernisation of business processes through the Power Platform.
- Build intuitive, user-friendly applications that simplify everyday tasks.
- Develop highly customised, task- and role-based apps tailored to organisational needs.
- Configure out-of-the-box solutions, forms, and dashboards to accelerate delivery.
- Embed AI capabilities to provide intelligent, in-app recommendations and automation.
- Eliminate paper-based processes by digitising workflows end-to-end.
- Provide rich data visualisation and actionable insights using Power BI.
- Leverage market-leading low-code/no-code tools to accelerate innovation.
- Strengthen Power Platform governance, security, and environment controls.
- Create custom connectors and advanced automated workflows for seamless integration.

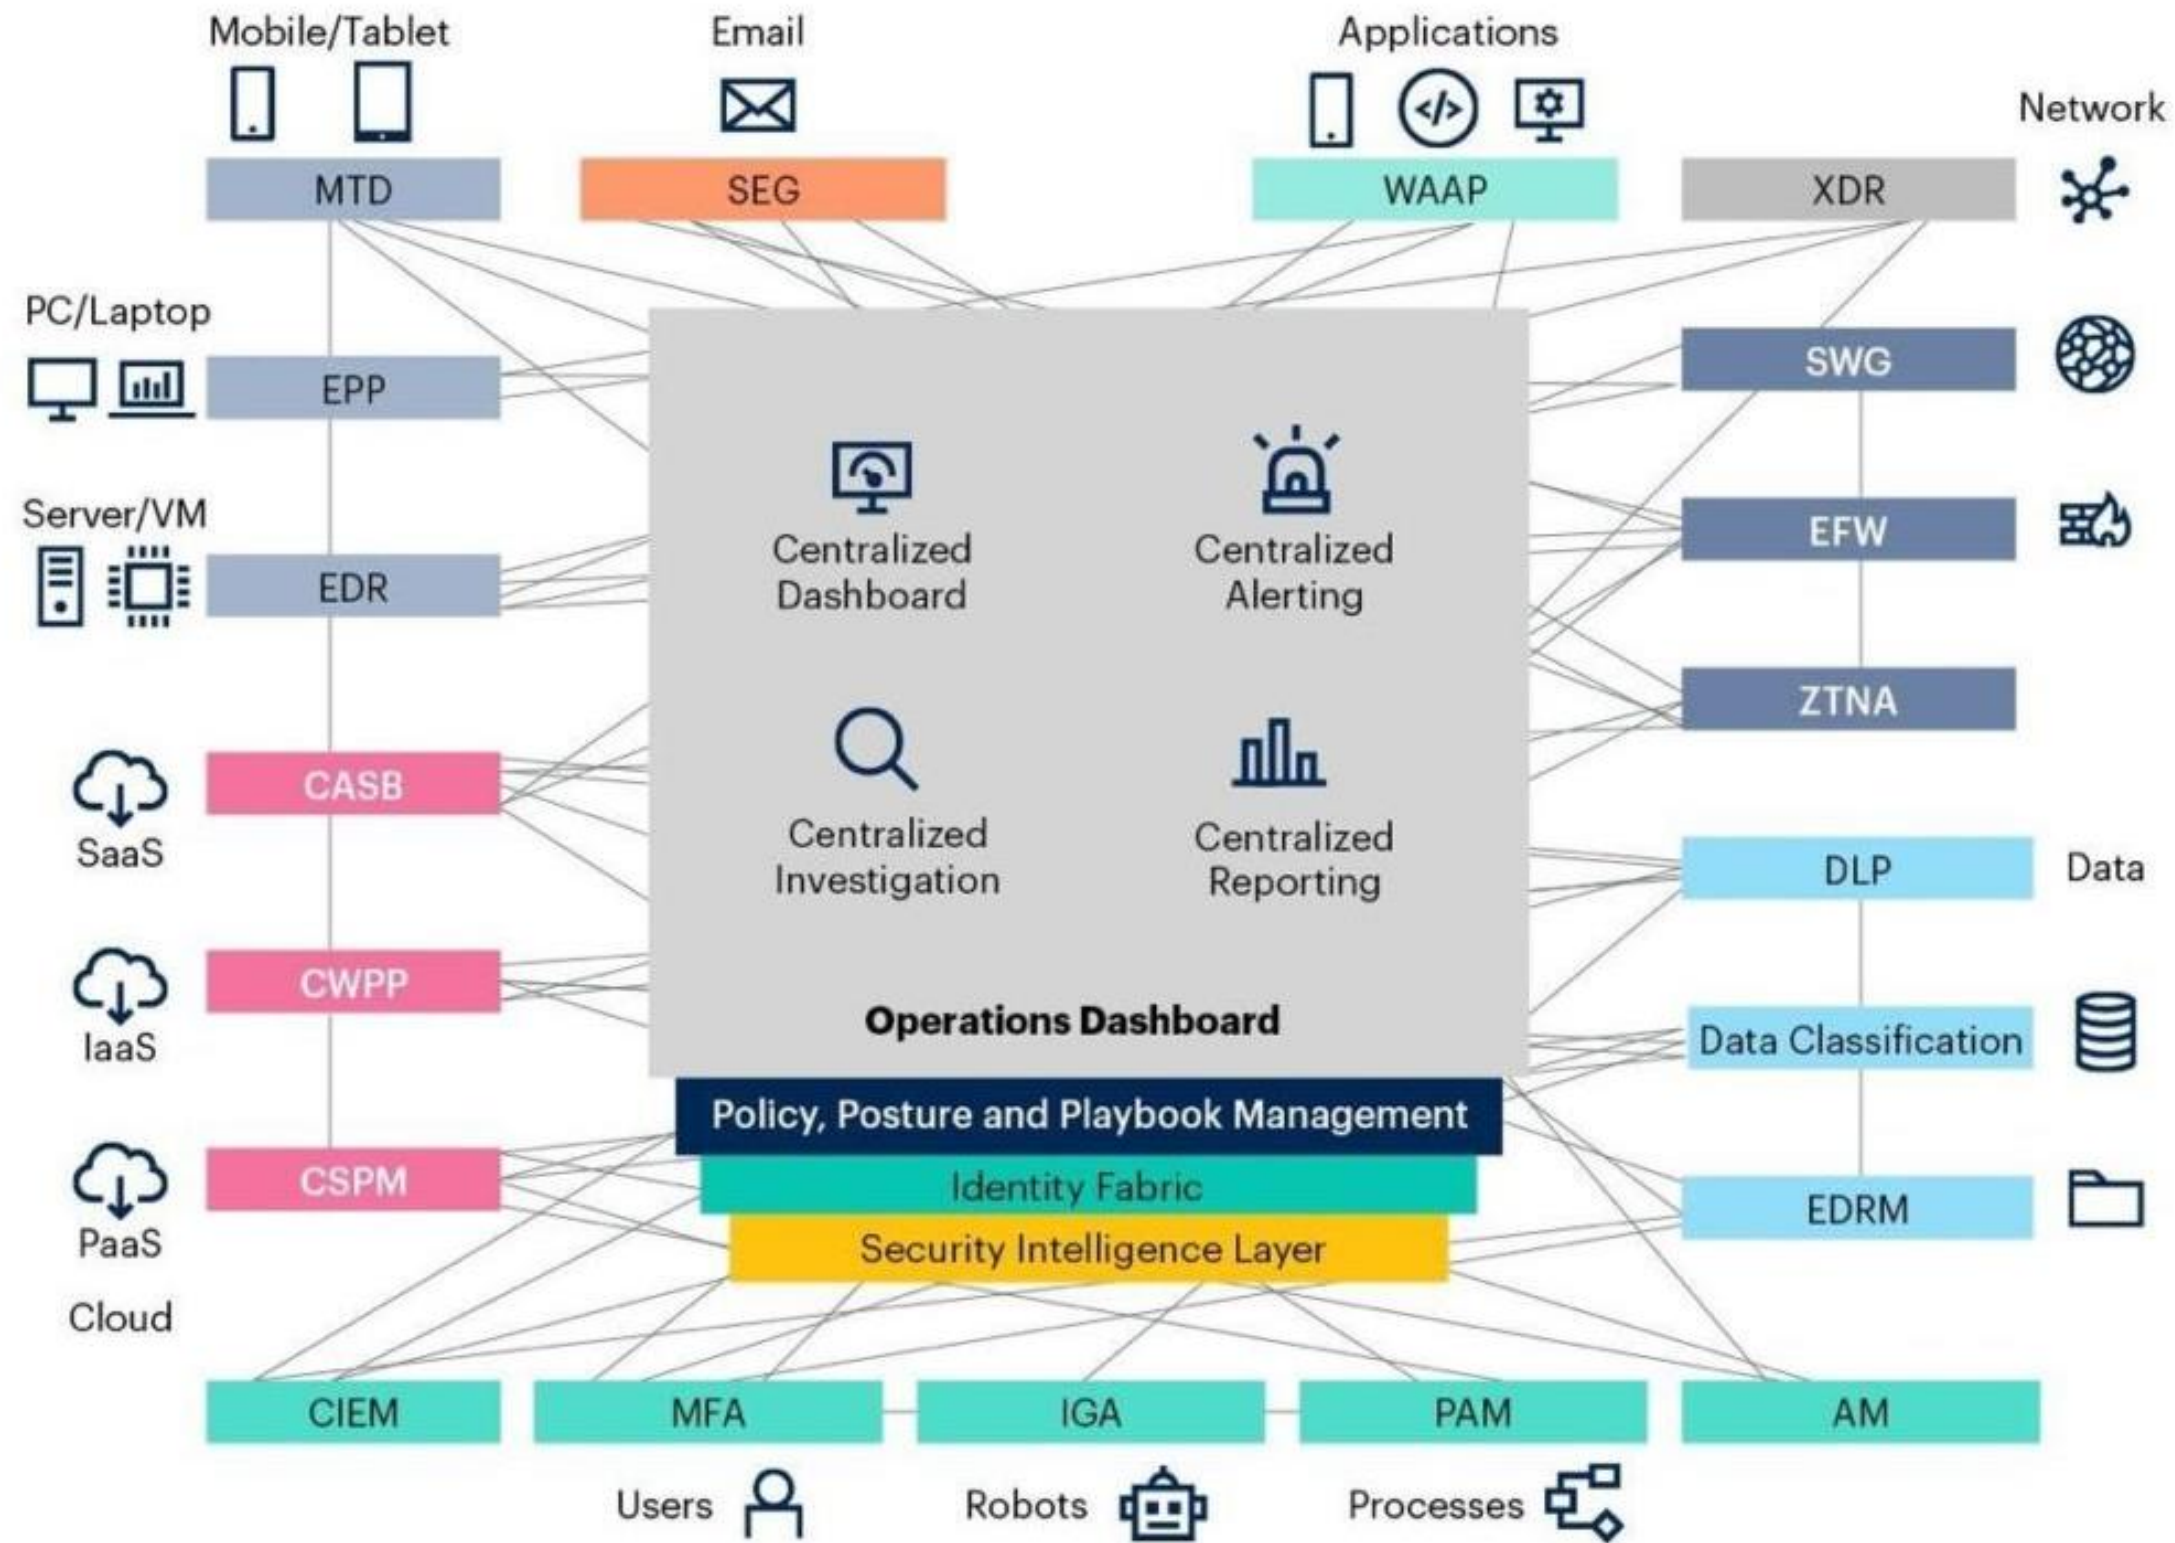

SERVICE BENEFITS

- Connect seamlessly to data across the organisation, wherever it resides.
- Boost productivity with real-time insights that enable faster, informed decisions.
- Increase development agility through the flexibility of the Power Platform.
- Simplify application development and deployment with low-code tools.
- Streamline business operations using automated workflows and efficient processes.
- Accelerate digital transformation by modernising legacy, manual activities.
- Strengthen security and governance with robust platform-wide controls.
- Gain enhanced scalability and technical resilience across applications.
- Reduce development costs through simplified, reusable app-building approaches.
- Ensure compliance through strong, centralised governance frameworks.
