SERVICE DEFINITION

QlikSense Platform

INTRODUCTION

Decillion Digital delivers Business Intelligence solutions built on QlikSense, QlikView, and Microsoft BI. We provide end-to-end technical and analytical support, from design and consultancy to implementation. Our expertise spans microservices development, cloud architecture on AWS and Azure, and the migration of legacy platforms to modern BI environments—turning data into actionable insight.

SERVICE FEATURES

- Empower users with self-service BI tools and guided support.
- Rapidly prototype reports, dashboards, and alerting solutions.
- Maintain, enhance, and upgrade enterprise intelligence platforms.
- Diagnose incorrect BI outputs and address underlying data-quality issues
- .Provide 24/7 support for critical analytics services and uptime needs.
- Deliver proven solutions for health insights, AI-driven analysis, and advanced modelling.
- Offer on-demand big data analytics to meet evolving organisational needs.
- Implement Data Warehouses, ETL pipelines, and modern data-integration frameworks.
- Support real-time data ingestion and Hadoop-based processing environments.
- Provide strategic BI consulting to deliver cost-effective, scalable analytics solutions."

SERVICE BENEFITS

- Drive adoption of self-service BI by providing ongoing user support and enablement.
- Keep BI platforms current with timely software updates and maintenance.
- Rapidly investigate data issues to ensure accuracy and trust in reporting.
- Deliver SLA-driven services to guarantee reliability and consistent performance.
- Govern, maintain, and optimise report libraries for clarity and efficiency.
- Monitor BI usage and adoption to guide continuous improvement.
- Retire unused reports and assets to reduce costs and eliminate clutter.
- Provide fully cloud-based services with no on-premise installation required.
- Enhance forecasting accuracy to minimise lost revenue and improve planning.
- Ensure secure, device-agnostic access to BI tools from anywhere.

SOLUTION APPROACH

ABOUT US

As a Decillion we partner in bridging technology and business innovation. With an extensive background across diverse technological verticals, we are dedicated to empowering your business through tailored digital solutions.

Our Expertise

Microsoft Dynamics	Technical Consulting	Azure DevOps	Technology Training	E-commerce Solutions
We specialize in MS Dynamics to streamline CRM and ERP systems, enhancing efficiency and productivity for businesses of all sizes.	Our expert consultants are adept at diagnosing your technical challenges and crafting strategic solutions that align with your business objectives.	We leverage Azure to improve your software development lifecycle, enabling faster deployment, reliable operations, and seamless integration of disparate systems.	Decillion Digital offers comprehensive training programs designed to upskill your team and keep them abreast of the latest technological advancements.	We create robust e-commerce platforms tailored to your specific needs, ensuring scalable, secure, and user-friendly shopping experiences.

At Decillion, we believe in the power of technology to transform businesses. Our approach combines innovative strategies with cutting-edge technologies to deliver measurable results. We are committed to providing exceptional service and building long-lasting relationships with our clients.

OUR MISSION

To enable businesses to achieve their full potential through the strategic implementation of technology.

OUR MISSION

To be a leading provider of technology solutions, known for our commitment to innovation, quality, and client satisfaction.
