SERVICE DEFINITION

Veeam

INTRODUCTION

Decillion Digital delivers end-to-end Veeam backup solutions covering design, licensing, deployment, and ongoing support. We provide Backup-as-a-Service (BaaS), offsite replication, and comprehensive protection for Microsoft 365 and virtual workloads. Our secure, cost-efficient services ensure data immutability, rapid recovery, and a seamless shift from traditional perpetual licensing to flexible, scalable SaaS consumption models.

SERVICE FEATURES

- Deliver a complete, end-to-end solution for backup, recovery, and disaster resilience.
- Provide all Veeam editions—including Standard and Enterprise—to meet varied needs.
- Design robust Veeam Backup & Replication architectures tailored to your environment.
- Install and configure Veeam across VMware and Hyper-V platforms for maximum protection.
- Offer automated monitoring and administration support to ensure smooth operations.
- Advise on Veeam licensing and manage procurement for optimal cost efficiency.
- Provide remote or onsite technical support for rapid issue resolution.
- Deliver user and technical training to build in-house capability and confidence.
- Enable secure offsite backups via Veeam Cloud Connect.
- Offer intuitive self-service portals for easy backup management and recovery tasks.

SERVICE BENEFITS

- Benefit from highly competitive pricing—often up to 50% lower than traditional models.
- Pay monthly with flexible, service-based options tailored to your organisation's needs.
- Reduce support demand through intuitive self-service restore capabilities.
- Lower business risk and infrastructure overhead with resilient, cloud-ready backup solutions.
- Seamlessly back up VMware or Hyper-V environments directly to Azure.
- Strengthen compliance with robust, policy-driven backup and retention frameworks.
- Simplify restoration workflows, reducing complexity and recovery time.
- Ensure data security and immutability to protect against ransomware and accidental deletion.
- Choose licensing models that flex with your operational and financial requirements.
- Rely on first-class support from an experienced, specialist technical team.

SOLUTION APPROACH

ABOUT US

As a Decillion we partner in bridging technology and business innovation. With an extensive background across diverse technological verticals, we are dedicated to empowering your business through tailored digital solutions.

Our Expertise

Microsoft Dynamics	Technical Consulting	Azure DevOps	Technology Training	E-commerce Solutions
We specialize in MS Dynamics to streamline CRM and ERP systems, enhancing efficiency and productivity for businesses of all sizes.	Our expert consultants are adept at diagnosing your technical challenges and crafting strategic solutions that align with your business objectives.	We leverage Azure to improve your software development lifecycle, enabling faster deployment, reliable operations, and seamless integration of disparate systems.	Decillion Digital offers comprehensive training programs designed to upskill your team and keep them abreast of the latest technological advancements.	We create robust e-commerce platforms tailored to your specific needs, ensuring scalable, secure, and user-friendly shopping experiences.

At Decillion, we believe in the power of technology to transform businesses. Our approach combines innovative strategies with cutting-edge technologies to deliver measurable results. We are committed to providing exceptional service and building long-lasting relationships with our clients.

OUR MISSION

To enable businesses to achieve their full potential through the strategic implementation of technology.

OUR MISSION

To be a leading provider of technology solutions, known for our commitment to innovation, quality, and client satisfaction.
