SERVICE DEFINITION
Python Development, Support and
Consultancy

INTRODUCTION

Decillion delivers expert Python development, cloud hosting, and ongoing technical support. Our team specializes in AI/ML solutions, advanced system integrations, and robust Django applications. Based in the UK, we ensure full GOV.UK compliance and follow agile delivery practices. With proactive maintenance, security updates, and performance-focused cloud management, we help organisations build reliable and scalable digital services.

SERVICE FEATURES

- Advanced expertise in both Python 2 and Python 3 development
- Scalable, high-availability cloud hosting tailored for Python/Django environments
- Full alignment with the GOV.UK Technology Code of Practice
- Agile delivery model backed by guaranteed response and resolution times
- Comprehensive support across AWS, Azure, and GOV.UK PaaS
- Multidisciplinary team providing complete end-to-end delivery
- Rigorous security auditing, monitoring, and performance tuning
- Automated CI/CD pipelines for seamless and reliable deployments
- Modernisation of legacy systems through structured Python migration services
- One-to-one knowledge transfer to empower and upskill internal teams

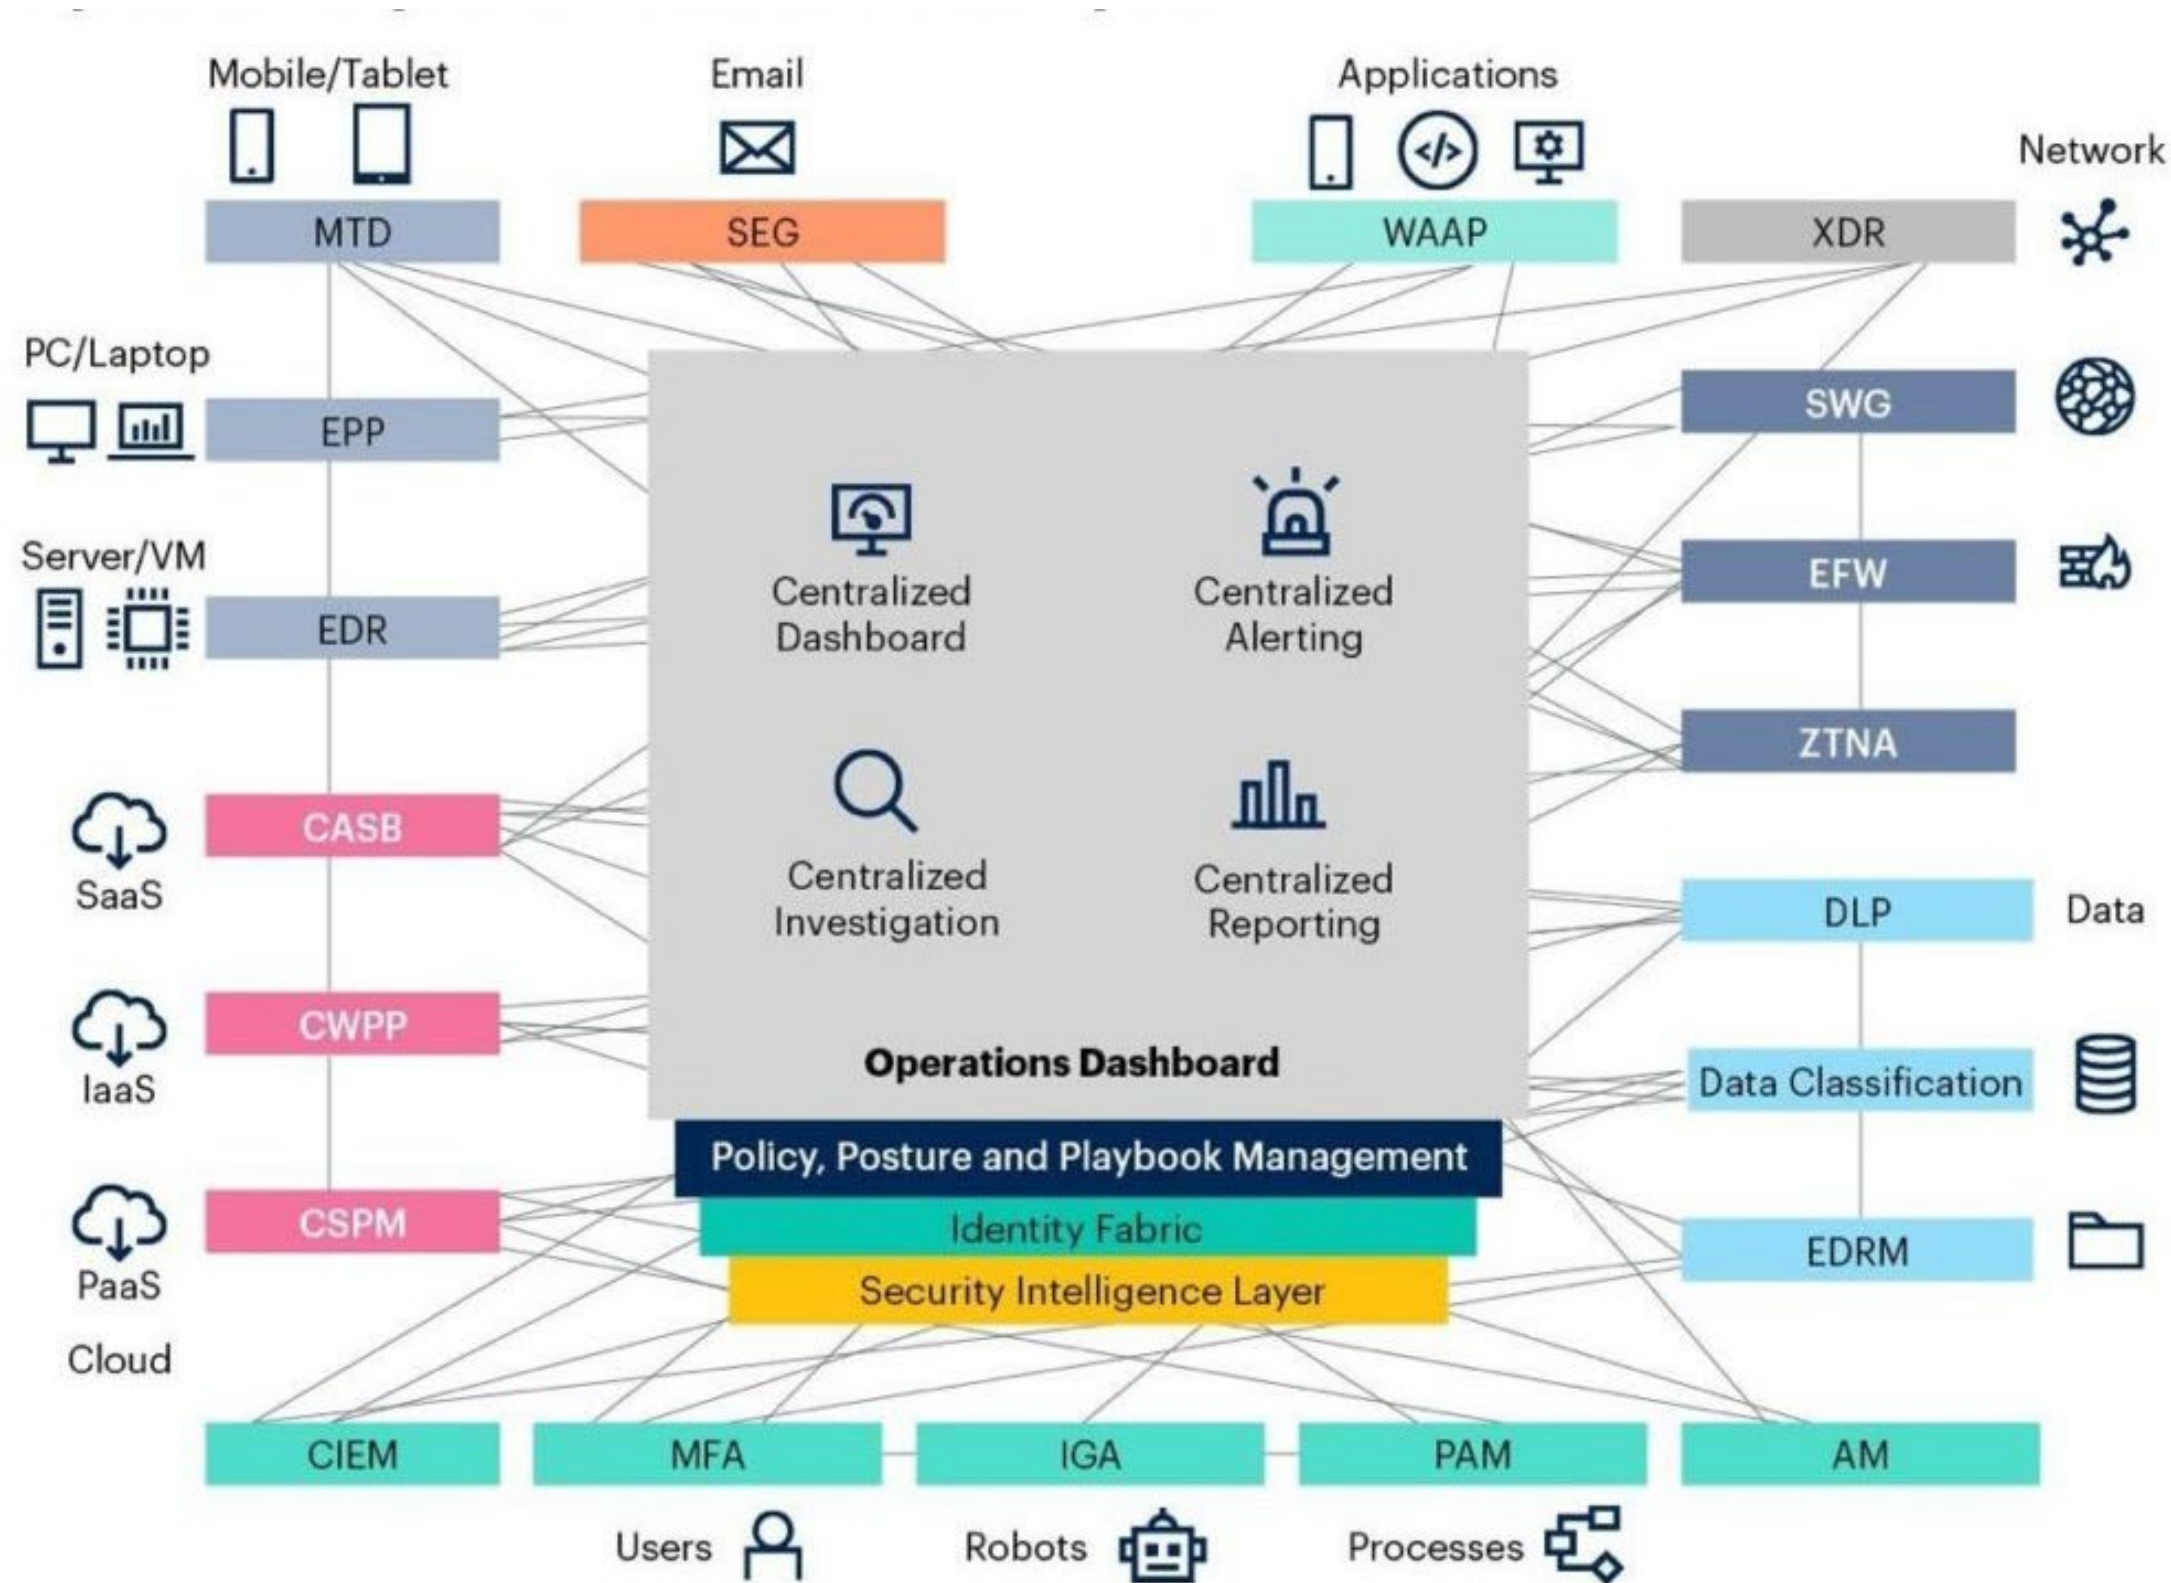

SERVICE BENEFITS

- Custom-built solutions designed to fit your unique technical landscape
- High availability and reliability through robust, SLA-backed support
- Energy-efficient hosting options to help reduce your organisation's carbon footprint
- Smooth, low-risk migration to modern cloud infrastructures
- Structured knowledge transfer that enables your internal teams to operate independently
- Cost-effective and sustainable software solutions designed for long-term value
- Fast response and rapid resolution for critical, time-sensitive issues
- Secure application delivery aligned with OWASP best-practice standards
- Flexible resourcing models that scale with evolving project demands
- Direct access to senior developers who actively contribute to the Python community

SOLUTION APPROACH

ABOUT US

As a Decillion we partner in bridging technology and business innovation. With an extensive background across diverse technological verticals, we are dedicated to empowering your business through tailored digital solutions.

Our Expertise

Microsoft Dynamics	Technical Consulting	Azure DevOps	Technology Training	E-commerce Solutions
We specialize in MS Dynamics to streamline CRM and ERP systems, enhancing efficiency and productivity for businesses of all sizes.	Our expert consultants are adept at diagnosing your technical challenges and crafting strategic solutions that align with your business objectives.	We leverage Azure to improve your software development lifecycle, enabling faster deployment, reliable operations, and seamless integration of disparate systems.	Decillion Digital offers comprehensive training programs designed to upskill your team and keep them abreast of the latest technological advancements.	We create robust e-commerce platforms tailored to your specific needs, ensuring scalable, secure, and user-friendly shopping experiences.

At Decillion, we believe in the power of technology to transform businesses. Our approach combines innovative strategies with cutting-edge technologies to deliver measurable results. We are committed to providing exceptional service and building long-lasting relationships with our clients.

OUR MISSION

To enable businesses to achieve their full potential through the strategic implementation of technology.

OUR MISSION

To be a leading provider of technology solutions, known for our commitment to innovation, quality, and client satisfaction.
