SERVICE DEFINITION

Business Central

INTRODUCTION

Decillion Digital provides specialist consultancy and support for Dynamics 365 Business Central, tailored to the unique requirements of government organisations. Our expertise spans finance, procurement, and supply chain management. With a fixed-price deployment model, we deliver seamless integration with Office 365 and the Power Platform—enabling real-time insights, improved operational efficiency, and a scalable, cloud-based ERP solution designed for long-term public-sector success.

SERVICE FEATURES

- Provide strategic consultancy to support successful deployment, expansion, and ongoing transformation.
- Deliver expert development of Microsoft Dynamics 365 Business Central ERP solutions.
- Tailor system customisations to meet precise operational and public-sector requirements.
- Integrate Business Central seamlessly with Microsoft applications and trusted third-party systems.
- Build bespoke APIs to extend Business Central functionality and improve interoperability.
- Offer comprehensive support across Dynamics 365 and the wider Power Platform ecosystem.
- Enable advanced reporting and analytics through integrated Power BI dashboards.
- Provide user training and adoption support to ensure confident day-to-day use.
- Continuously optimise system performance through proactive tuning and enhancements.
- Offer predictable, fixed-price implementation options for controlled, transparent delivery.

SERVICE BENEFITS

- Replace outdated or underperforming accounting systems with a modern, unified ERP.
- Align disconnected business applications into a single, integrated platform.
- Reduce manual effort and eliminate errors through automated processes.
- Access real-time financial reporting for accurate, timely decision-making.
- Utilise a comprehensive sales management solution across the full customer lifecycle.
- Manage quote-to-cash in one connected system for smoother operations.
- Transition to the cloud confidently with secure, scalable architecture.
- Ensure projects are delivered on time with built-in planning and tracking tools.
- Benefit from delivery by highly experienced Dynamics 365 specialists.
- Maintain robust role-based security and GDPR compliance across the system

SOLUTION APPROACH

ABOUT US

As a Decillion we partner in bridging technology and business innovation. With an extensive background across diverse technological verticals, we are dedicated to empowering your business through tailored digital solutions.

Our Expertise

Microsoft Dynamics	Technical Consulting	Azure DevOps	Technology Training	E-commerce Solutions
We specialize in MS Dynamics to streamline CRM and ERP systems, enhancing efficiency and productivity for businesses of all sizes.	Our expert consultants are adept at diagnosing your technical challenges and crafting strategic solutions that align with your business objectives.	We leverage Azure to improve your software development lifecycle, enabling faster deployment, reliable operations, and seamless integration of disparate systems.	Decillion Digital offers comprehensive training programs designed to upskill your team and keep them abreast of the latest technological advancements.	We create robust e-commerce platforms tailored to your specific needs, ensuring scalable, secure, and user-friendly shopping experiences.

At Decillion, we believe in the power of technology to transform businesses. Our approach combines innovative strategies with cutting-edge technologies to deliver measurable results. We are committed to providing exceptional service and building long-lasting relationships with our clients.

OUR MISSION

To enable businesses to achieve their full potential through the strategic implementation of technology.

OUR MISSION

To be a leading provider of technology solutions, known for our commitment to innovation, quality, and client satisfaction.
