SERVICE DEFINITION
ARAS

INTRODUCTION

Decillion Digital provides comprehensive Aras Innovator services that enhance product development across the entire lifecycle—from initial concept through manufacturing, distribution, and end-of-life management. We streamline operations and integrate advanced software solutions to boost productivity, ensure regulatory compliance, and optimise supply chain performance, helping organisations reduce costs and accelerate innovation.

SERVICE FEATURES

- Strengthen version control with structured management of design files and revisions.
- Centralise all product-related documentation through robust document management
- Enable seamless alignment between design, engineering, and manufacturing processes.
- Ensure products comply with global regulatory and industry standards.
- Enhance team collaboration using integrated tools such as JIRA and Confluence.
- Optimise supply chain operations to support efficient production and distribution.
- Consolidate product data into a single source of truth for improved traceability.
- Plan and execute sustainable end-of-life strategies for responsible product lifecycle management.
- Deliver PLM solutions tailored to the unique needs of each business.
- Implement cost-reduction strategies that maximise value across the product lifecycle.

SERVICE BENEFITS

- Accelerates deployment timelines through streamlined, efficient processes.
- Enhances team productivity with fully integrated collaboration platforms.
- Reduces operational costs by optimising product lifecycle management end-to-end.
- Strengthens regulatory compliance to minimise business and operational risk.
- Improves decision-making by consolidating data into a single, centralised source of truth.
- Drives innovation and boosts competitiveness across design and engineering functions.
- Supports sustainability objectives with well-planned end-of-life strategies.
- Elevates product quality and increases overall customer satisfaction.
- Simplifies and optimises supply chain operations for greater efficiency.
- Delivers measurable competitive advantage aligned with strategic business goals.

SOLUTION APPROACH

ABOUT US

As a Decillion we partner in bridging technology and business innovation. With an extensive background across diverse technological verticals, we are dedicated to empowering your business through tailored digital solutions.

Our Expertise

Microsoft Dynamics	Technical Consulting	Azure DevOps	Technology Training	E-commerce Solutions
We specialize in MS Dynamics to streamline CRM and ERP systems, enhancing efficiency and productivity for businesses of all sizes.	Our expert consultants are adept at diagnosing your technical challenges and crafting strategic solutions that align with your business objectives.	We leverage Azure to improve your software development lifecycle, enabling faster deployment, reliable operations, and seamless integration of disparate systems.	Decillion Digital offers comprehensive training programs designed to upskill your team and keep them abreast of the latest technological advancements.	We create robust e-commerce platforms tailored to your specific needs, ensuring scalable, secure, and user-friendly shopping experiences.

At Decillion, we believe in the power of technology to transform businesses. Our approach combines innovative strategies with cutting-edge technologies to deliver measurable results. We are committed to providing exceptional service and building long-lasting relationships with our clients.

OUR MISSION

To enable businesses to achieve their full potential through the strategic implementation of technology.

OUR MISSION

To be a leading provider of technology solutions, known for our commitment to innovation, quality, and client satisfaction.
