PROJECT MANAGEMENT APPROACH

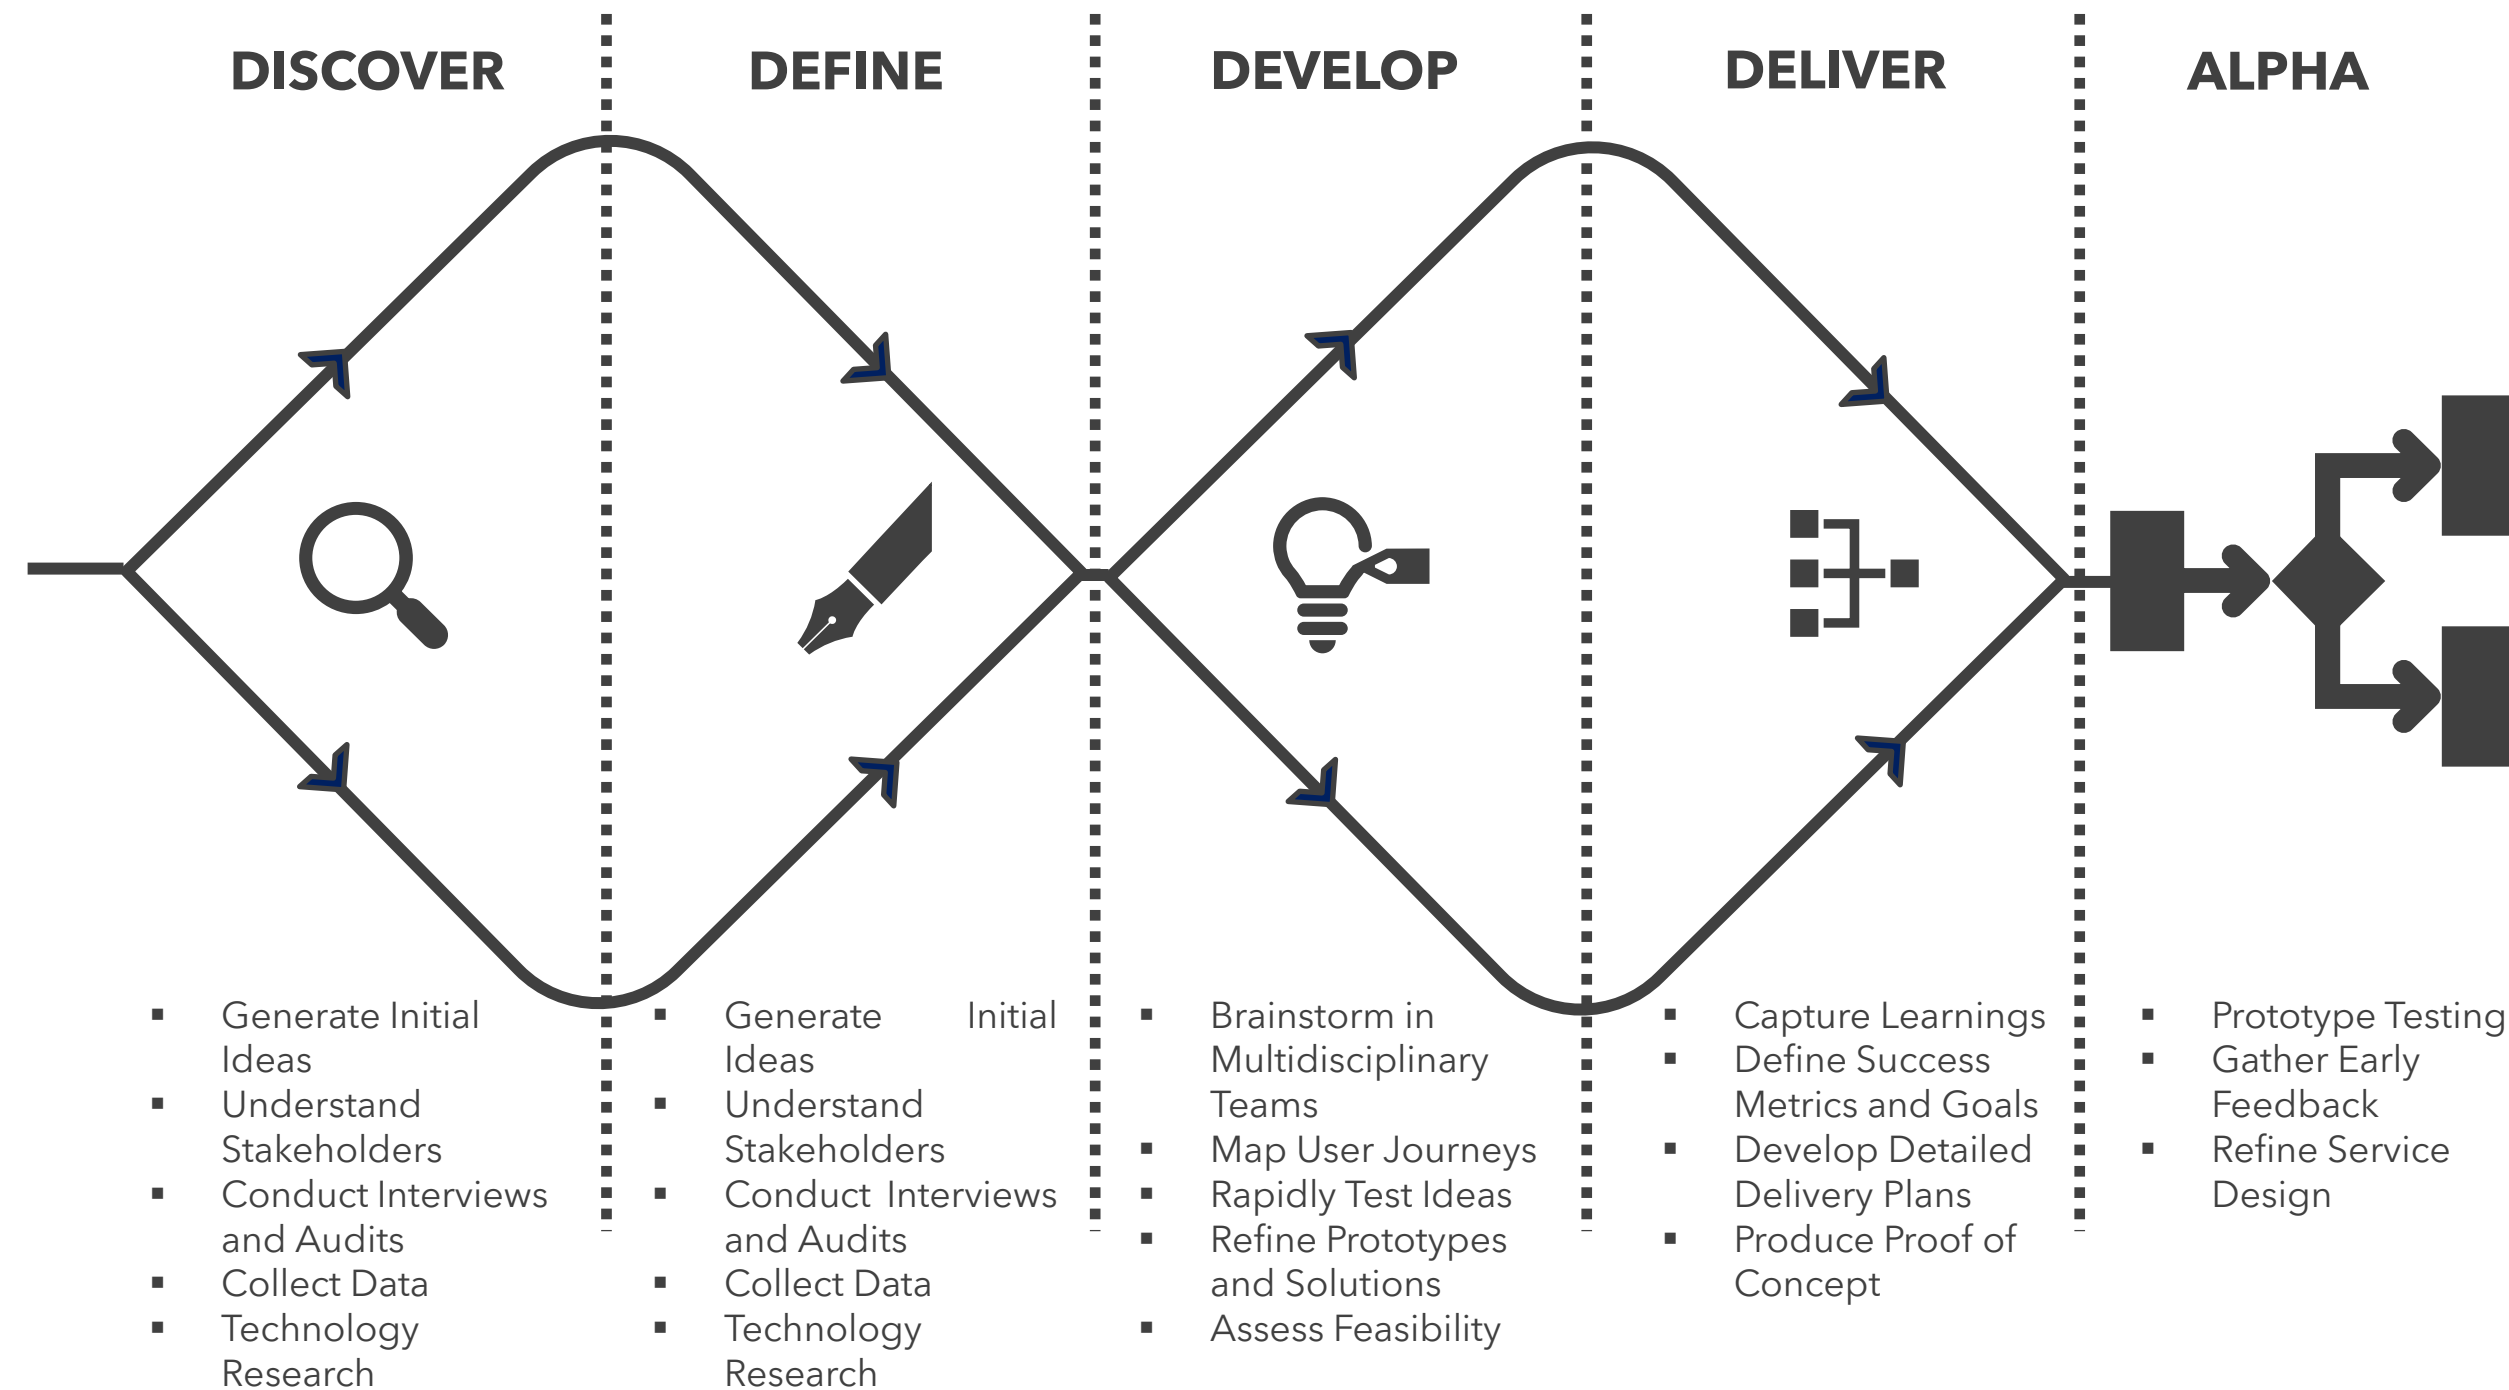

PROJECT MANAGEMENT APPROACH

- **Scope and Goal Definition:** Clearly define the project's objectives, deliverables, and scope to ensure alignment with stakeholders' expectations.
- **Resource Allocation:** Assign resources, including personnel, budgets, and tools, to maximize efficiency and meet project timelines.
- **Timeline and Milestones:** Develop a comprehensive timeline with specific milestones to track progress and maintain project momentum.
- **Risk Management:** Identify potential risks early and establish mitigation strategies to reduce impact on the project.
- **Communication Plan:** Implement a structured communication plan to ensure all stakeholders are informed and engaged throughout the project lifecycle.
- **Quality Control:** Regularly monitor the quality of deliverables against the project standards and stakeholder expectations.
- **Feedback and Adaptation:** Encourage feedback and be ready to adapt plans based on evolving project needs and stakeholder input.

DESIGN APPROACH

Our Double Diamond framework outlines a structured approach to design by researching user needs, determining relevant metrics, and exploring both technological and policy constraints.
