SERVICE DEFINITION

Azure DevOps

INTRODUCTION

Decillion Digital delivers specialised Azure DevOps services with a strong focus on infrastructure-as-code and continuous delivery. We design and implement resilient, high-availability architectures on Microsoft Azure. Our expert teams provide comprehensive assessments, security tooling, and dashboard enablement to enhance collaboration, governance, and delivery velocity across central government workstreams.

SERVICE FEATURES

- Strengthen collaboration and accelerate DevOps adoption across delivery teams.
- Develop tailored training programmes aligned to specific organisational needs.
- Enable smooth, low-downtime transitions to Azure cloud platforms.
- Provide hands-on mentoring and coaching to embed best-practice DevOps skills.
- Ensure real-time, reliable data flow across Azure applications and services.
- Implement core foundational DevOps processes to standardise delivery.
- Design and fine-tune Azure Sentinel analytics for enhanced security visibility.
- Deliver structured knowledge transfer to upskill in-house teams.
- Conduct security tooling and DevSecOps assessments to improve compliance and resilience.
- Create gold-standard dashboards to enhance monitoring, insights, and governance.

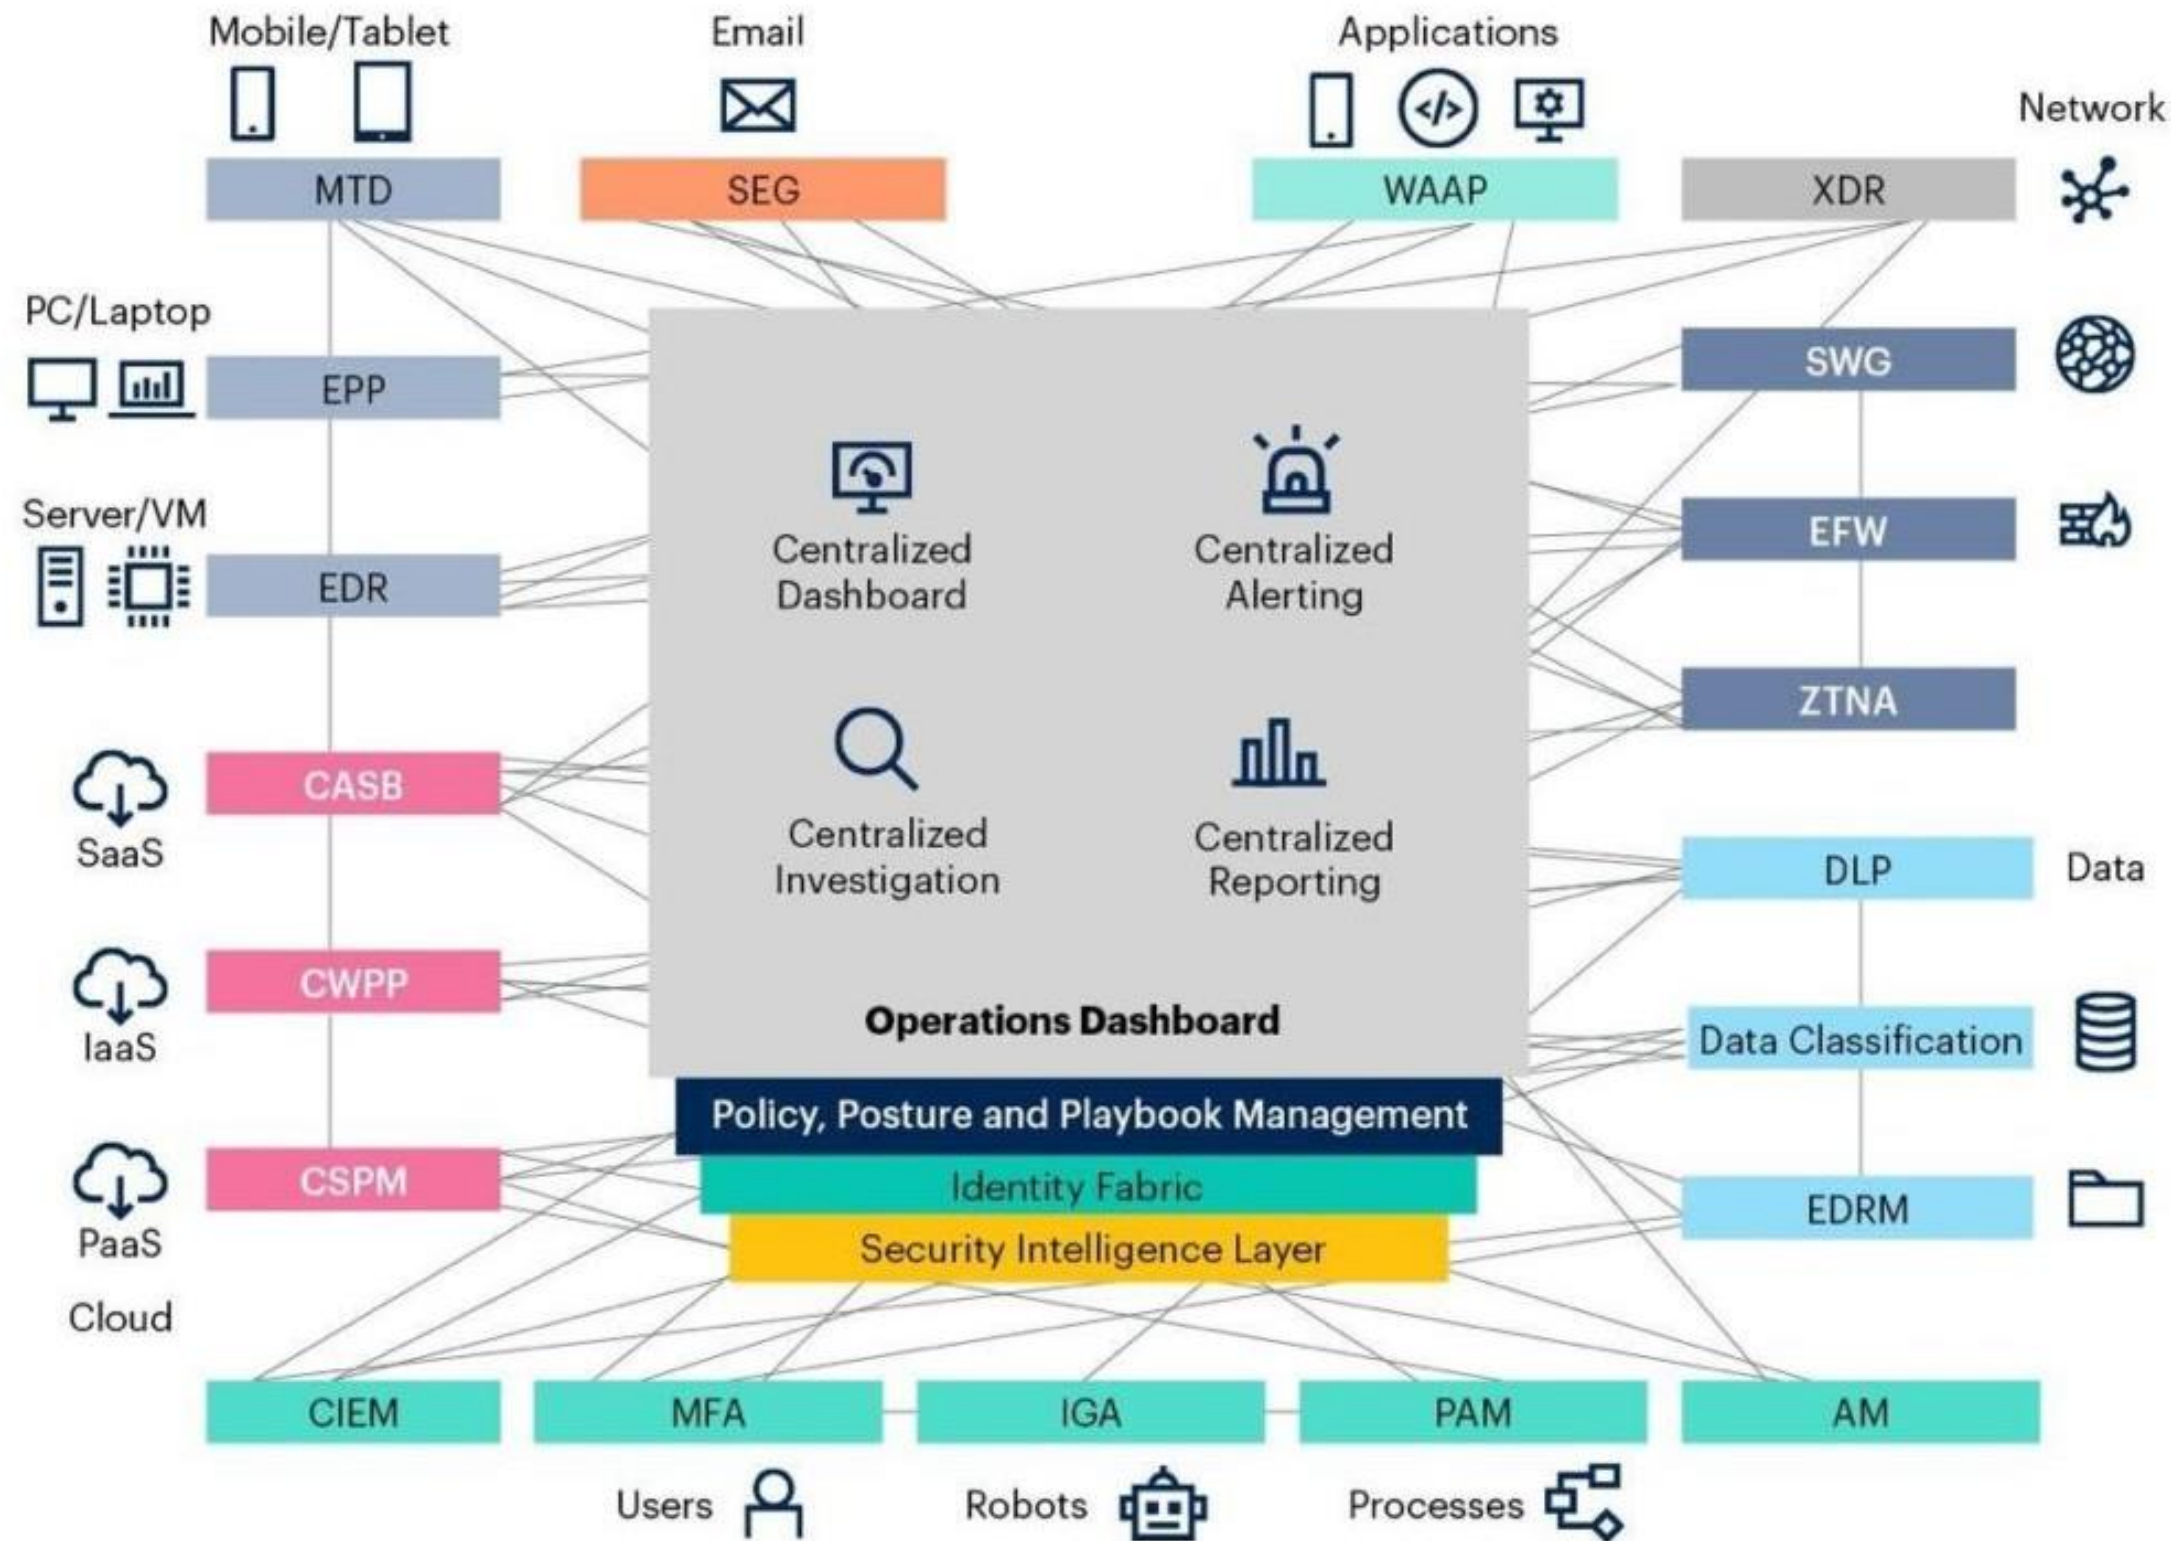

SERVICE BENEFITS

- Maximise cloud utilisation and agility through optimised DevOps practices.
- Reduce overall cloud and DevOps operating costs with efficient architectures and automation.
- Empower teams with structured skills transfer and targeted training programmes.
- Deliver fast, scalable, and resilient deployment pipelines for Azure-based services.
- Apply deep expertise in designing, building, and operating Azure services.
- Continuously optimise applications to support high-volume, big-data workloads.
- Enhance both customer and developer experiences through streamlined workflows.
- Improve delivery velocity and overall quality across engineering teams.
- Increase team satisfaction through better tooling, processes, and collaboration.
- Accelerate time-to-market with mature DevOps pipelines and automation.

SOLUTION APPROACH

ABOUT US

As a Decillion we partner in bridging technology and business innovation. With an extensive background across diverse technological verticals, we are dedicated to empowering your business through tailored digital solutions.

Our Expertise

Microsoft Dynamics	Technical Consulting	Azure DevOps	Technology Training	E-commerce Solutions
We specialize in MS Dynamics to streamline CRM and ERP systems, enhancing efficiency and productivity for businesses of all sizes.	Our expert consultants are adept at diagnosing your technical challenges and crafting strategic solutions that align with your business objectives.	We leverage Azure to improve your software development lifecycle, enabling faster deployment, reliable operations, and seamless integration of disparate systems.	Decillion Digital offers comprehensive training programs designed to upskill your team and keep them abreast of the latest technological advancements.	We create robust e-commerce platforms tailored to your specific needs, ensuring scalable, secure, and user-friendly shopping experiences.

At Decillion, we believe in the power of technology to transform businesses. Our approach combines innovative strategies with cutting-edge technologies to deliver measurable results. We are committed to providing exceptional service and building long-lasting relationships with our clients.

OUR MISSION

To enable businesses to achieve their full potential through the strategic implementation of technology.

OUR MISSION

To be a leading provider of technology solutions, known for our commitment to innovation, quality, and client satisfaction.
