2. Confidentiality

All information shared between the customer and the service provider during the integration of cloud services is considered confidential and will be treated as such. Both parties agree to maintain the confidentiality of sensitive information, including but not limited to business processes, technical details, and proprietary data, unless required by law or mutually agreed upon for specific purposes related to the service integration.

3. Introduction

This pricing document sets out the maximum daily rates for services offered under G-Cloud 15. All prices are exclusive of VAT and represent the maximum chargeable day rate. Actual rates will be agreed with buyers on a per-engagement basis and may be lower than the stated maximums.

A working day is defined as 7.5 hours. No additional charges apply for normal business expenses unless explicitly agreed in writing.
