

Efficio Opportunity Assessment as a Service - Supply Chain

LOT 3: CLOUD SUPPORT

JANUARY 2026

Service Description

Efficio's Supply Chain Opportunity Assessment as a Service delivers value creation through comprehensive analysis and benchmarking. Leveraging cloud platforms, we optimise logistics, warehousing, and inventory, providing insights for savings and benefits.

Our analysis includes categorisation and insights into opportunities, utilising spend and carbon cubes for ESG considerations.

Features

- Holistic analysis covering strategy, planning, logistics, risk management, and more
- Identification of cost-effective operations and intelligent demand forecasting strategies
- Management of risks from complex and global supply chains
- Adaptation strategies for evolving supply chain realities
- optimisation of service delivery, lead times, and costs
- Reduction of transport costs and management of distribution risks
- Establishment of optimum inventory levels for improved cash flow
- optimisation of warehouse layout and productivity
- Strengthening resilience through risk identification and capability building
- Enhanced supply chain visibility and performance analytics for actionable insights

Benefits

- Opportunity assessment improves logistics, warehousing, and inventory performance
- Supply chain strategy strengthened through benchmarking and prioritisation
- Cost intelligence identifies waste and cost-to-serve improvement levers
- Commercial intelligence supports supplier and network decisions
- Opportunity identification accelerates resilience improvements and value delivery
- ESG considerations strengthened through carbon cube insights
- Procurement orchestration improves coordination across operational stakeholders
- Digital/AI insights accelerate modelling and scenario testing
- Value creation improved through targeted operational improvements
- Value delivery sustained through roadmap, governance, and tracking

Why Efficio?

Efficio is the world's largest international procurement service provider with an unrivalled track record of delivering significant results for our client base.

For more than two decades, our deep expertise, hands-on approach, global scale, and ever-evolving technology have helped our clients realise their supply chain and procurement ambitions. We have developed purposefully as specialists, achieving consistent rapid growth to become the largest independent consultants in our field.

We combine the human intelligence and deep expertise of our consultants with the data and content gleaned from our years of specialist focus. So, whether it's setting you up for procurement excellence, solving supply chain challenges, or optimising costs - from cost reduction to working capital management - we work alongside you to navigate the ups and downs of the procurement and supply chain landscape.

We work across all industries including Public Sector, Healthcare and NHS, Defence, Construction and Infrastructure, Energy and Utilities, Financial Services, Private Equity, Manufacturing, and Technology. Our talent pool of >1400 procurement specialists include 750+ specialists with deep experience in PCR 2015, DSPCR, and Procurement Act 2023 environments. We deploy SC-cleared resource, comply with Cabinet Office standards (Sourcing Playbook, Green Book, Delivery Model Assessments), and work across departments including the Home Office, NHS England, AWE, FCDO Services, UKHSA, and CCS.

We have extensive expertise in procurement, category management, supply chain, change implementation, programme management & project delivery. We provide clients with data analytics, reporting and operational data management, transferring knowledge and supporting the recruitment, onboarding and upskilling of client teams, including use of our training academy.

Efficio's deep experience in regulated, high-security, and public sector environments means we understand how to deliver value within the constraints of public procurement legislation - including PCR 2015, DSPCR, and the Procurement Act 2023. We help clients challenge suppliers constructively while ensuring compliance, transparency, and strong commercial outcomes.
