

Efficio Cloud Procurement Excellence as a Service

LOT 3: CLOUD SUPPORT

JANUARY 2026

Service Description

Efficio's e-Procurement Excellence service leverages cloud-based SaaS solutions for supply chain optimisation, logistics, and warehousing. We implement lean and six sigma principles, alongside materials management and 3PL/4PL partnerships, enhancing distribution efficiency. Our expertise extends to supply and demand modelling and inventory management for holistic performance enhancement.

Features

- Strategic procurement planning for long-term cost savings and efficiencies
- Process improvement initiatives to streamline procurement workflows and operations
- Technology integration for enhanced visibility, control, and automation
- Supplier collaboration strategies to foster innovation and improve performance
- Performance measurement frameworks to track and enhance procurement effectiveness
- Procurement organisation design for optimal structure and resource allocation
- Change management support for successful procurement transformation initiatives
- Category management strategies for maximising supplier value and risk management
- Sustainable procurement practices to promote social and environmental responsibility
- Continuous improvement culture fostering innovation and adaptability

Benefits

- Procurement orchestration improves e-procurement performance and control
- Buying optimisation improves efficiency across logistics and warehousing spend
- Supply chain strategy strengthened through modelling and inventory optimisation
- Digital/AI insights improve forecasting and operational decision-making
- Opportunity identification highlights waste and performance constraints
- Value creation through Lean improvements and supplier collaboration
- Value delivery sustained through metrics, governance, and continuous improvement
- Commercial management improves partner models and service accountability
- Capability augmentation embeds process discipline and operational skills
- Transformation supported through change management and adoption focus

Why Efficio?

Efficio is the world's largest international procurement service provider with an unrivalled track record of delivering significant results for our client base.

For more than two decades, our deep expertise, hands-on approach, global scale, and ever-evolving technology have helped our clients realise their supply chain and procurement ambitions. We have developed purposefully as specialists, achieving consistent rapid growth to become the largest independent consultants in our field.

We combine the human intelligence and deep expertise of our consultants with the data and content gleaned from our years of specialist focus. So, whether it's setting you up for procurement excellence, solving supply chain challenges, or optimising costs - from cost reduction to working capital management - we work alongside you to navigate the ups and downs of the procurement and supply chain landscape.

We work across all industries including Public Sector, Healthcare and NHS, Defence, Construction and Infrastructure, Energy and Utilities, Financial Services, Private Equity, Manufacturing, and Technology. Our talent pool of >1400 procurement specialists include 750+ specialists with deep experience in PCR 2015, DSPCR, and Procurement Act 2023 environments. We deploy SC-cleared resource, comply with Cabinet Office standards (Sourcing Playbook, Green Book, Delivery Model Assessments), and work across departments including the Home Office, NHS England, AWE, FCDO Services, UKHSA, and CCS.

We have extensive expertise in procurement, category management, supply chain, change implementation, programme management & project delivery. We provide clients with data analytics, reporting and operational data management, transferring knowledge and supporting the recruitment, onboarding and upskilling of client teams, including use of our training academy.

Efficio's deep experience in regulated, high-security, and public sector environments means we understand how to deliver value within the constraints of public procurement legislation - including PCR 2015, DSPCR, and the Procurement Act 2023. We help clients challenge suppliers constructively while ensuring compliance, transparency, and strong commercial outcomes.
