Which Assessment Do I Need?

Start with the question.
We'll provide the clarity.

Each executive assessment is designed to answer a critical leadership question and give you the insight needed to act with confidence.

Use this guide to identify the assessment that best fits your priority right now.

All assessments are:

- ✓ Independent & evidence-based
- ✓ 4 weeks to deliver
- ✓ Executive-led by experienced practitioners
- ✓ Board-ready with clear recommendations
- ✓ Includes 90-day plan & 12-month roadmap

IF YOU'RE ASKING...

Do we have the **organisational capability** to deliver our strategy?

Is our **transformation** genuinely under control?

How resilient and sustainable is our **infrastructure**?

Are we ready to adopt AI responsibly and at scale?

Are our strategic **suppliers** delivering value and managing risk?

Where are our most significant **cyber risks** and capability gaps?

START HERE

Executive Capability Assessment

Understand the maturity of your technology organisation across people, process, technology and governance.

Executive Transformation Assessment

Restore control, strengthen delivery and ensure your transformation delivers the outcomes you expect.

Executive Infrastructure Assessment

Expose infrastructure risk, single points of failure and resilience gaps across your estate and platforms.

Executive AI Readiness Assessment

Understand your readiness, data maturity, governance, technology and ability to scale AI across the business.

Executive Vendor Management Assessment

Reduce third-party risk, strengthen supplier performance and improve value realisation across your vendor ecosystem.

Executive Cyber Security Assessment

Understand your cyber maturity, risk exposure and prioritised actions to strengthen resilience and protect what matters most.

The right insight today. The right actions next. The right outcomes for your organisation.
