WeHub Pricing and Packaging – Core Principles

WeHub Platform: Your gateway to revolutionary healthcare efficiency through automated and integrated systems, improving patient care and administrative processes.

Core Subscription Options

1. WeHub Managed (WeHub Cloud)

- **Pricing:** £0.02 per plugin run.
- **Description:** Plugin runs refer to each instance a plugin is executed within the workflow, automating tasks or integrating systems. This pricing model is designed to scale with usage, making it cost-effective for varying operational sizes.
- **Volume Discounts:** Discounts are available for higher volumes of plugin runs, making this an economical choice for larger scale operations.
- **Consultation Services:** Rate card available for consultation to create workflows. These are quoted separately and cater to specific workflow design and implementation needs.

2. WeHub Managed (Private Cloud)

- **Annual Subscription:** £150,000, Installation excluded.
- **Description:** This option provides a dedicated private cloud environment for enhanced security and control, suitable for organizations needing tailored cloud solutions.
- **Consultation Services:** Rate card available for consultation to create workflows. These are quoted separately and cater to specific workflow design and implementation needs.

Included in All Subscription Plans:

- **Support:** Customer support and service resources.
- **Subscription Term:** Flexible terms with monthly and annual options, no long-term commitment required.
- **Core Features:**
    - Extensive pre-built connectors for data repositories
    - Customisable workflows with an intuitive visual interface for healthcare-specific requirements
    - Ensured compliance industry standards
    - Comprehensive integration with both cloud-based and on-premises systems.
    - Dedicated tools for monitoring and optimising workflows.

Capabilities:

- **Automation and Integration:** Automate multi-step workflows and integrate applications seamlessly.
- **Design and Deployment:** Use pre-built or custom templates for data transformations.
- **Compliance and Security:** Ensure data security and regulatory compliance across all operations.

Optional Add-ons and Extensions

- **Enhanced Support Options:** Access to a wider network of automation experts and advanced support.
- **Increased Availability:** High availability options for critical healthcare systems.
- **Advanced Management Tools:** More sophisticated tools for API management and analytics.
- **Premium Features:** Additional connectors and custom feature development.
