\ 01
Service Overview

# Practical Security

**Technical training delivered by Frontier experts.**

Automate governance without blocking innovation using the Sonatype Platform.

This is a strategic engagement where Frontier consultants work with your department and stakeholders to define practical security policies. We facilitate the difficult conversations between Security and Development, helping you answer: “What should I block?” and “Who approves Waivers?”

\ 05
Service Constraints

# Tailored for you

**Authority** – Success requires attendance and active participation from decision-makers in Security and Development.

**Tooling** – A working and licensed Sonatype Lifecycle installation – see our Lot 2B listings if you require licenses.

\ 06
Service Levels

# Innovate safely

Timelines for this workshop will be agreed based on availability of your key decision-makers.

A review session 30-days after Enforcement is included to provide consultation to support you with any further refinements to your policy.

\ 07
Security & Accreditations

# We know our stuff

Frontier is committed to the highest standards of security in the Public Sector. All our consultants are UK-based and hold BPSS clearance as a minimum (SC cleared consultants are available upon request).

We operate entirely within your secure environment. No client data leaves your sovereignty.

We align with Cyber Essentials Plus and ISO-27001 standards.

\ 08
Why Frontier?

# Your Partner

- **Cloud and platform engineering specialists**
  We provide hands-on support and consultancy across cloud and platform services.
- **Trusted partnerships**
  We work with leading cloud and technology partners to support customer environments using industry-recognised platforms and tools.
- **Public sector ready**
  Experienced in secure and regulated environments, with a strong understanding of public sector delivery and procurement.
- **Practical delivery**
  We work alongside customer teams to bridge strategy and day-to-day operational needs.
- **Flexible engagement**
  Our engineers integrate with existing teams and delivery models, including Agile ways of working.

## Who we are
Engineering philosophy

# Operate predictably. Innovate safely.

It's not just a tagline, it's our engineering philosophy.
It influences everything we do.

© Frontier 2026

## Solid foundations

At the core of our engineering philosophy lies a commitment to building solid foundations.

© Frontier 2024

## Operate predictably

Operate predictably, as an integral facet, represents our pursuit to enable trust and confidence in technology.

© Frontier 2024

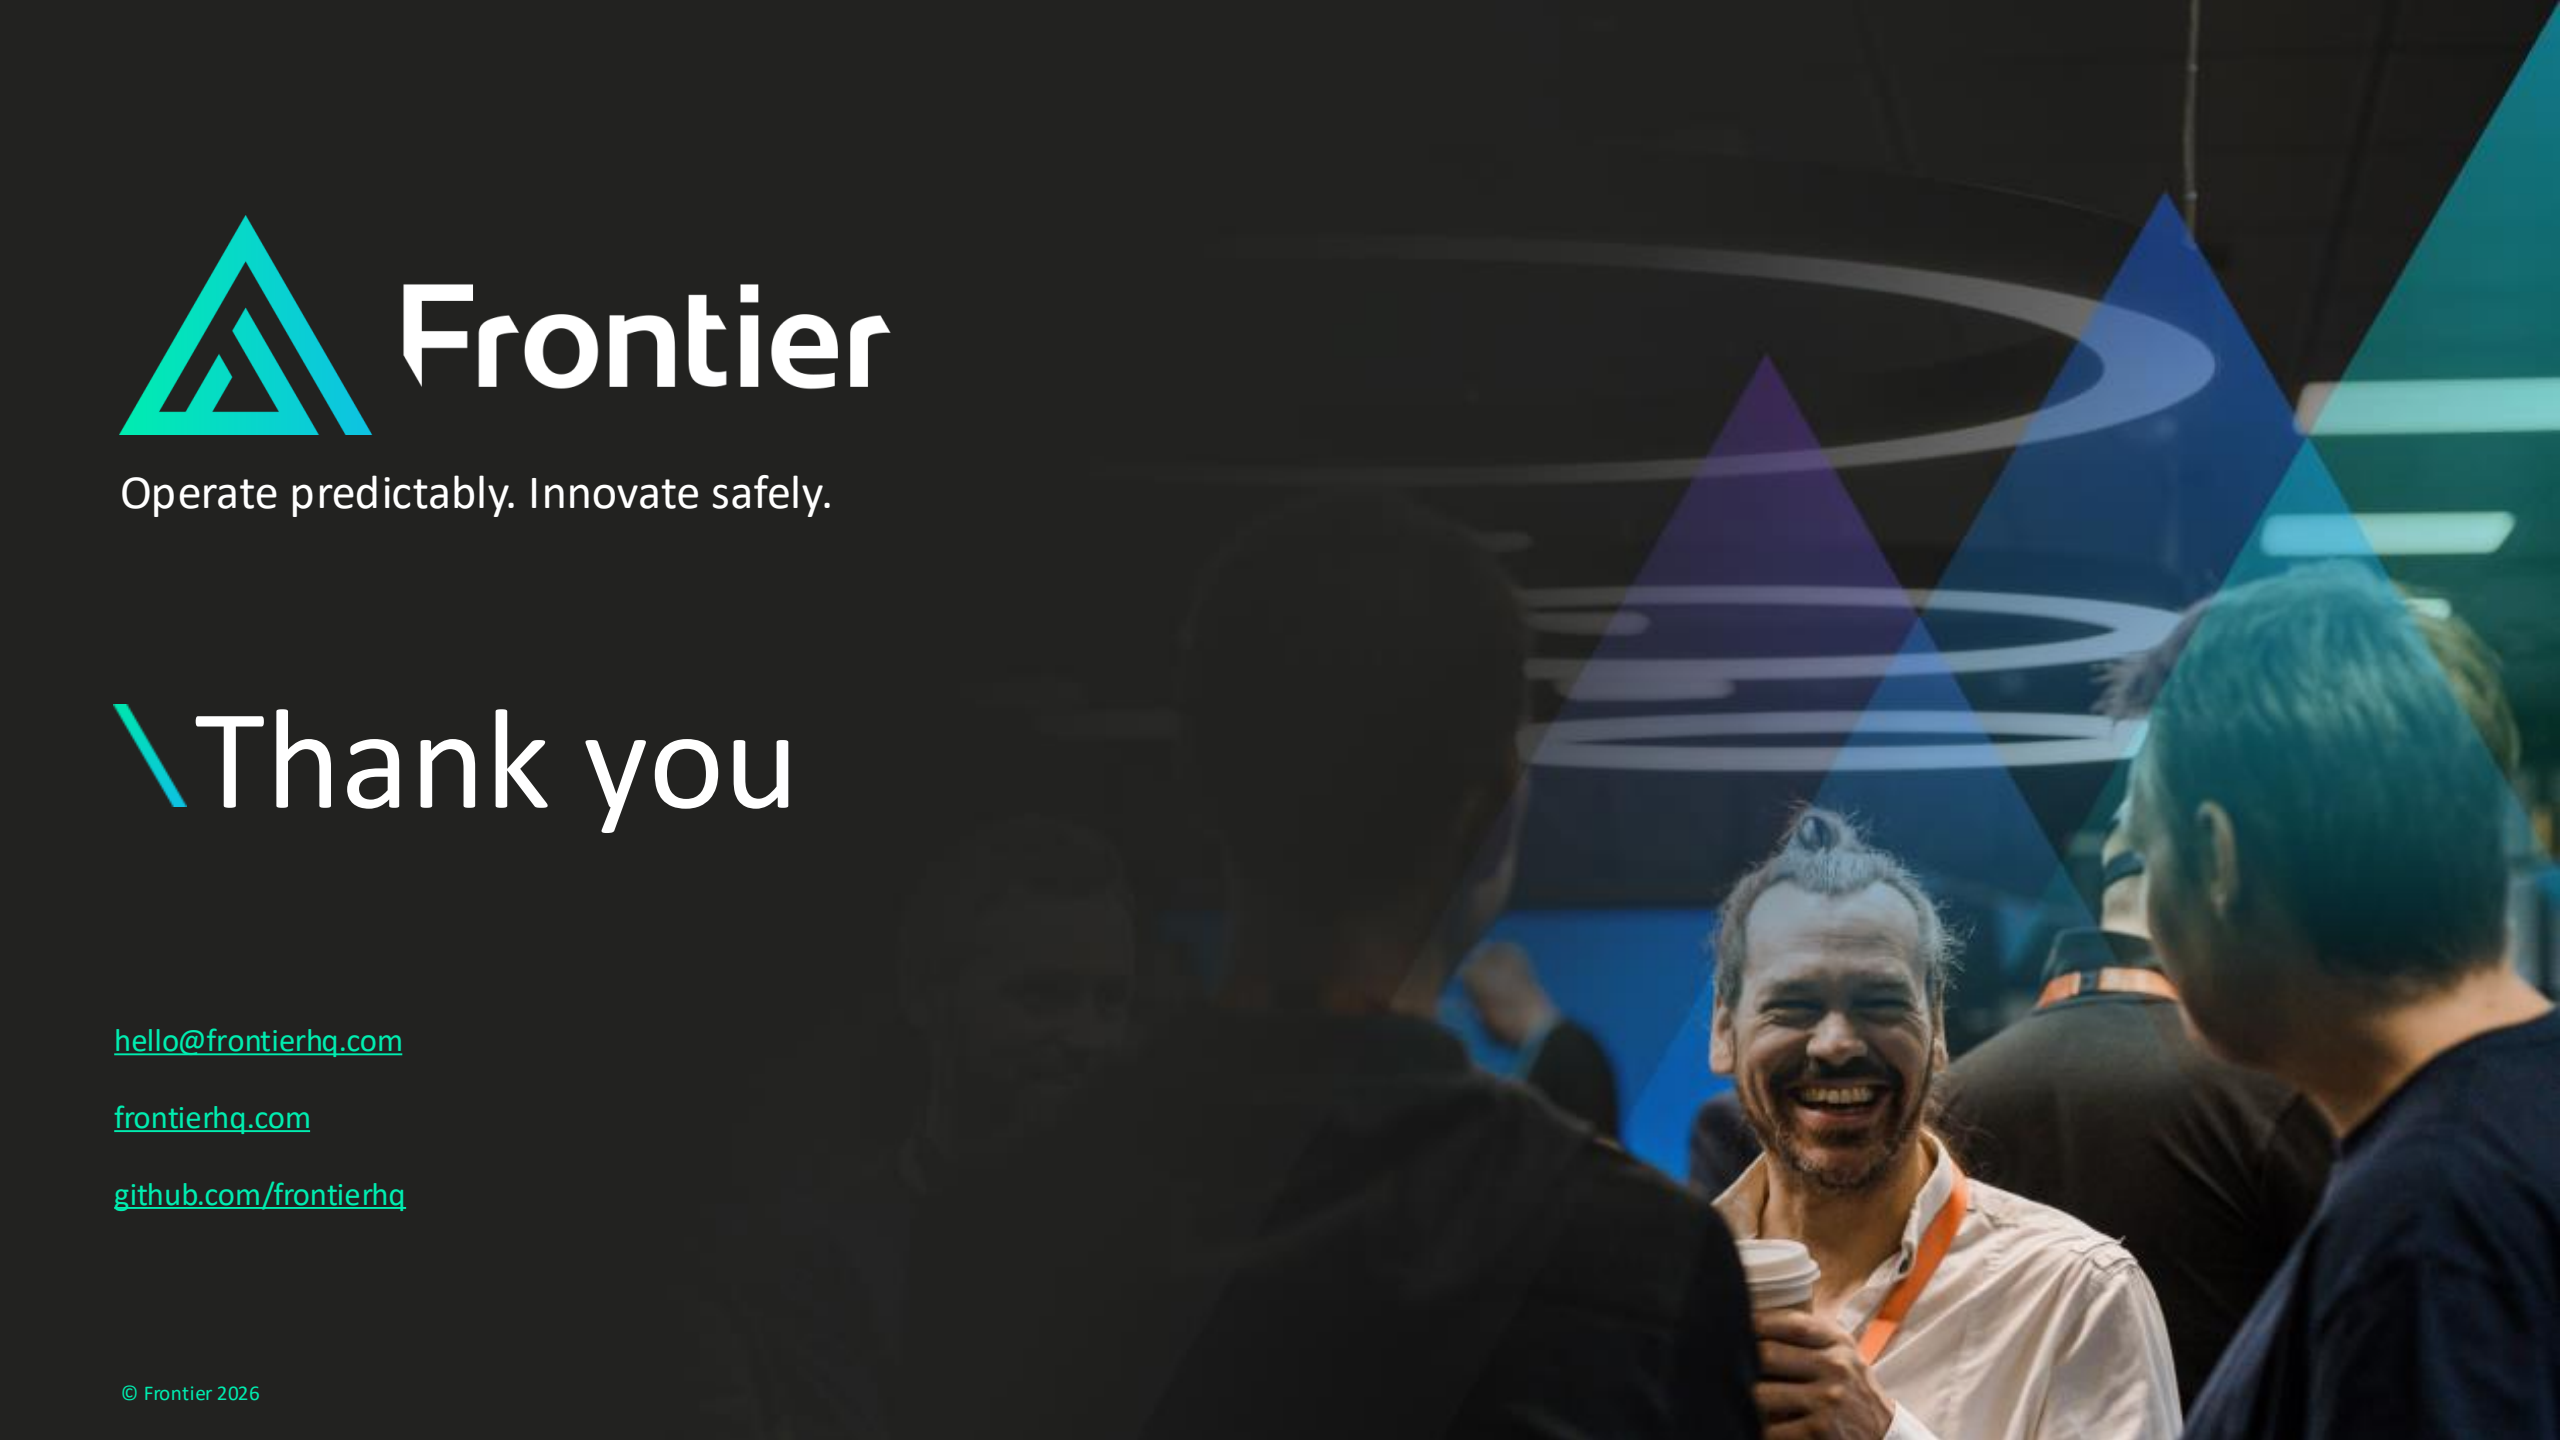

## Innovate safely

Innovate safely, as a leading edge, represents our resolve to ensure safe exploration and advancement.

© Frontier 2024

# Frontier

Operate predictably. Innovate safely.
