Service Definition - Wipro Cyber Security Consultancy

Wipro Cyber Security Consultancy

To adapt to the evolving threat landscape, Wipro's Cyber Security consulting practice helps organisations assess their security posture, remediate cyber threats to protect their assets, focus on building cyber resilience, and help organisations transform their security model from a reactive to a more proactive, dynamic and risk-based cyber operating model.

Features

- CISO and GRC Trusted Advisors
- Cyber Security Strategy Thought Leaders
- Cyber Security Maturity, Digital Forensic and Resilience Assessments
- Cyber Security Architect
- Cyber Security Compliance
- Cyber Security Manager
- ServiceNow Implementation and Integration

Benefits

- Identify high-value business assets
- Estimate risk appetite and make decisions based upon risk exposure
- Assess cyber security maturity levels and quantify cyber risk
- Identify security weaknesses, design, and implement a cyber remediation program
- Develop and execute dynamic cyber security road maps
- Deliver cyber security as a managed service
