All Inclusive Annual Subscription Cost ECINS Victim Support Services Referral & Case Management System

£8,575* per 100,000 head of population or percentage thereof. Minimum subscription £15,575* per annum plus a one-off implementation fee of £10,500* Excludes data migration from and integration with existing systems.

Note: This is an all-inclusive fee as we do not charge user licences. This enables project leads to sign up as many users as they need to maximise participation and support for the communities they serve.

20% Introductory New Customer Discount (First 12 Months)

ECINS offers an **introductory discount of 15% on the annual subscription fee for the first 12 months of the contract**. This discount is intended to support Buyers during initial adoption of the service.

The **implementation fee is not discounted** and is charged at the standard published rate.

The introductory discount does **not reduce the scope or quality of the service provided**. Buyers receive the same fully hosted service, support, security controls, updates and account management as apply to the standard subscription.

Where requested, ECINS can provide reasonable assistance to Buyers in developing a business case to support procurement and internal approval processes.

Pricing Notes

- The subscription fee is **all-inclusive**
- There are **no per-user licence charges**
- There are **no limits on the number of users or clients** that can be supported within the service

This pricing model enables Buyers to provide access to all relevant staff and partner organisations, supporting wider participation and more effective service delivery.
