Actively Powering 21st Century Schools

GroupEd is the UK's most advanced cloud-based MIS, offering unbeatable value, intuitive design, and powered by the most sophisticated database architecture.

A single platform built for 21st century schools, GroupEd saves time, reduces costs, and simplifies complexity — while bringing

together staff, pupils, and parents to contribute meaningfully to school improvement and everyday school life.

For schools currently in contract or not ready to move to a new MIS, GroupEd features are available to sync with your existing MIS.

“We were amazed how quick it was to move to GroupEd, the team made it seamless and stress free.

Primary School Administrator
Coerphilly

Intuitive and easy to use

No servers, no stress. Fast, simple to use, and always up to date.

Modular & Flexible

Switch fully or adopt features alongside existing systems — ideal for phased transitions.

Our Promise

We listen.
We build fast.
We support you properly.

GroupEd is co-designed with school leaders, teachers, parents, local authorities and multi-academy trusts. Our mission is to drive real school improvement, and better outcomes for pupils. Our promise is simple, we continue to adapt, develop and improve based on user and expert feedback- so schools experience the most effective and up to date software available.

“We don’t just sell software — we build lasting partnerships and provide genuine, responsive support.”

Cerys Furlong
