MIGRA

Data Migration Experts.

Your trusted partner.

Migra isn't just a data migration service; we're seasoned professionals dedicated to making your transformation programme's data workstream run smoothly and efficiently.

Our team's depth of experience is the foundation of Migra's success. Each team member brings unique skills and proven experience across a wide variety of source and target applications, complex areas such as Finance and transactional data and a diverse range of public sector organisations.

Acting as an "intelligent partner", Migra will bring robust oversight and add value across the entire transformation programme. Data Migration activities are interdependent with all other programme activities, so we will work across the whole programme to ensure that foundations for a successful data migration, are being prepared in a high quality and timely manner.

We can help you deliver.

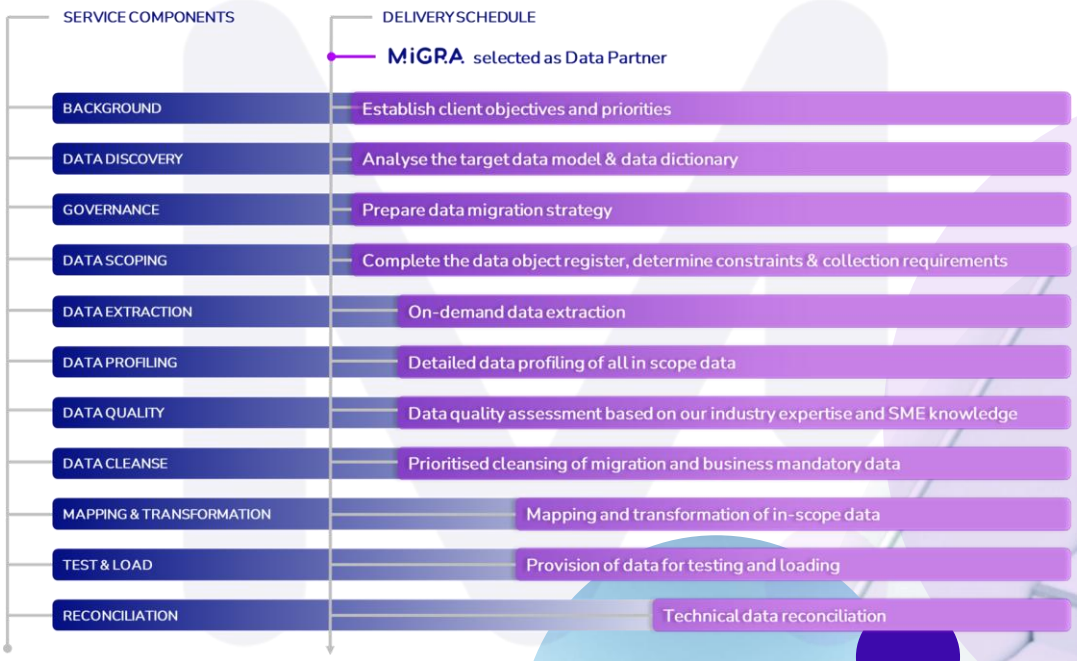

Our success stories result from meticulous planning and execution.

Migra can take responsibility for end-to-end migration delivery, programme recovery, or simply bring first class resources to support your Go Live.

We're typically involved in:

- Data Discovery
- Migration Planning
- Resource Profiling
- Extraction, Mapping and Cleansing
- Testing and Reconciliation
- Data Load
- Go Live

Proven methodology.

Our unique data migration methodology provides a robust framework of sequential activities to underpin a predictable and timely data migration delivery.

We shine a light on the other key programme activities that will impact delivery, long before they would normally be identified as potential risks and issues.

Working alongside your chosen delivery partner or internal team, we will provide calm and controlled data migration expertise, built on deep experience and a track record of success.

We know how to Go Live and we know how to avoid the mistakes that can delay or threaten your overall programme.

“Migra delivered the smoothest data migration I’ve ever been involved in. The team were thoroughly professional and delivered on their promises.”
