# Power Apps

# Power Apps Service Offering

Power Automate package accelerates productivity by streamlining processes, eliminating manual tasks, and enabling intelligent, automated workflows that enhance efficiency across your organisation.

## Benefits

Benefits of the Power App development package include:

- Expert consultancy guiding confident, specialist led Power Platform decisions.
- Instant access to deep expertise, best practice, and proven patterns.
- Discovery removes ambiguity, validates needs, and defines the right solution.
- Capability uplift builds internal confidence and reduces future external reliance.
- Fully managed delivery ensuring seamless collaboration and alignment throughout.
- Rapid Power App build delivering quick, high value, usable outcomes.

## Features

Features of the Power App development package include:

- Discovery which clarifies problems, aligns stakeholders, and delivers a prioritised roadmap.
- Continuous discovery ensures ongoing iteration aligned to changing needs.
- Multidisciplinary Marra fusion team supports end to end development.
- Accelerated Power App delivery with structured deployment and handover.
- Streamlined deployments integrating seamlessly across your systems.
- Designed to deliver the most cost-effective solution.
- Efficient delivery practices maximising value and ROI.
- Close collaboration between Marra consultants and your teams.
- Embedded UX/UI guidance via our Power App design toolkit.
- Robust release management enabling controlled, high-quality deployments.

### Wider Service Offerings:

Marra can provide guidance on introducing additional packages for other Power Platform components if required (Power BI, Power Automate, Power Pages and CoE).

# What we can deliver

## Strategic Consultancy

Do you need an external specialist to drive your Microsoft Power Platform strategy?

We can:

- Review specific business areas and identify potential improvements
- Create a backlog of opportunities with you
- Triage, categorise and prioritise your backlog with you
- Define a roadmap with a timeline
- Agree on a delivery plan and approach

## Managed Delivery

Do you need a skilled team to deliver specific Microsoft Power Platform projects?

Invest in a team to:

- Collaborate and deliver outcomes based on adding business value
- Focus on specific outcomes defined within a Statement of Work
- Upskill existing teams through collaboration and knowledge-sharing
- Create a culture for continuous improvement

## Team Augmentation

Do you need extra capacity to meet those business deadlines?

Hire a UK based individual or team to:

- Boost your current team capacity
- Access to specialist consultants and specialist skill sets
- Enhance your team's capabilities through collaboration and knowledge-sharing
- Reduce skill and/or knowledge gaps

# About Marra

Marra is a tech consultancy focused on Microsoft Power Platform.

**We bring together expert tech professionals and Power Platform developers to create exceptional digital solutions and make technology accessible to everyone.**

**Our talented team—developers, analysts, testers, and designers—works together to solve your biggest business challenges and deliver user-friendly results.**

**We champion making technology usable for all, with user experience and inclusivity at the forefront.**

# The values that drive us

## Bring the Expertise

We know Power Platform inside out and we love sharing what we know. Our curious minds never stop learning.

## Empower Others

Our people have the tools, trust, and freedom to deliver. We bring clarity that helps our customers succeed.

## Lead with Trust

We're honest, transparent, and have each other's backs. That's how we build relationships that last.

## Work Together

We build solutions with our customers, not just for them — breaking barriers and pushing for real, lasting impact.

## Champion Inclusion

We believe tech should include everyone. We build accessible solutions and a culture where all belong.

## Build Resilience

We face challenges head-on, lead with positivity, and always keep moving forward, together.

Thank You!
